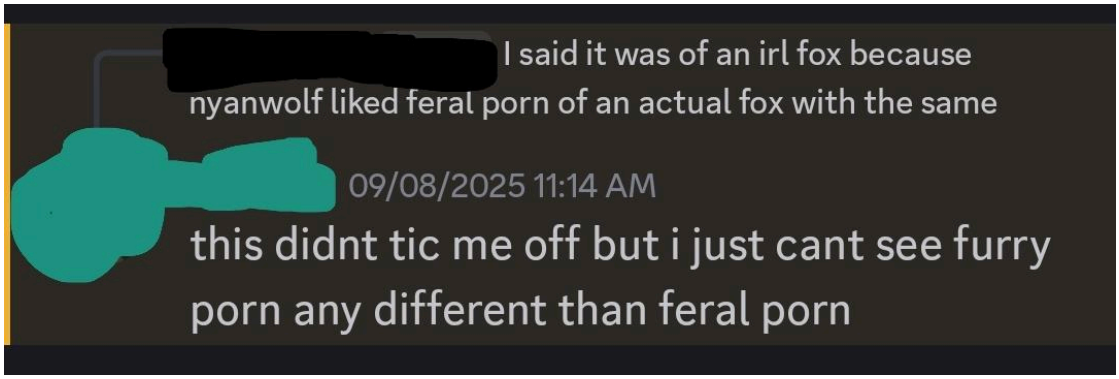
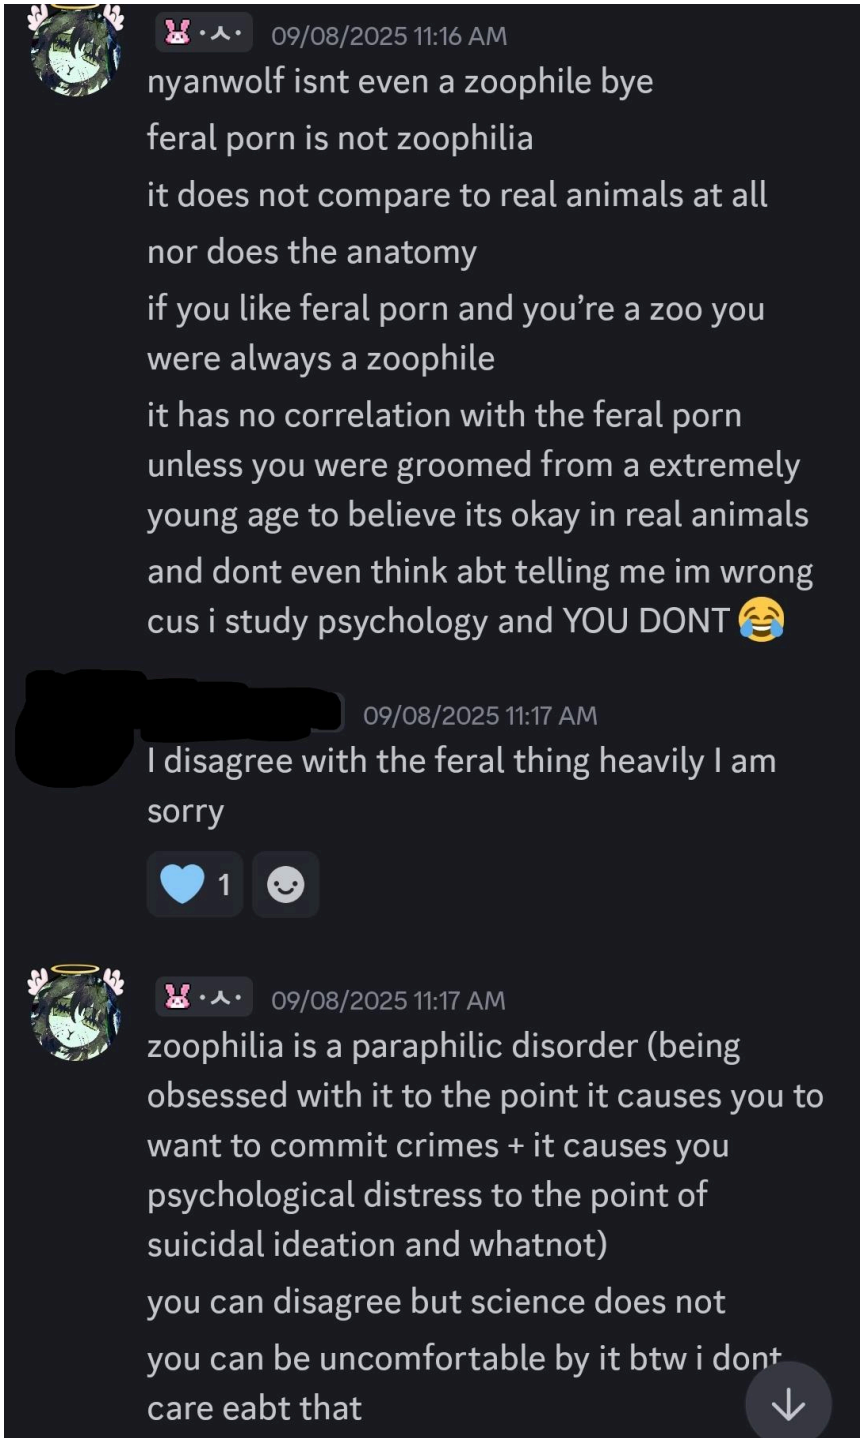
Daisys Defense Of Feral + Lolicon

On 09/08/2025 a debate had sparked up between ***Moss*** and Daisy in the groupchat Buniongangg, the reason why this had happened is because ***Moss*** notified ***Winter*** in call about how a content creator named nyanwolf is a zoophile for liking feral nsfw, Daisy then proceeds to have an issue with this and claims it's not zoophilia because the animals being exploited that are feral is just “fictional”

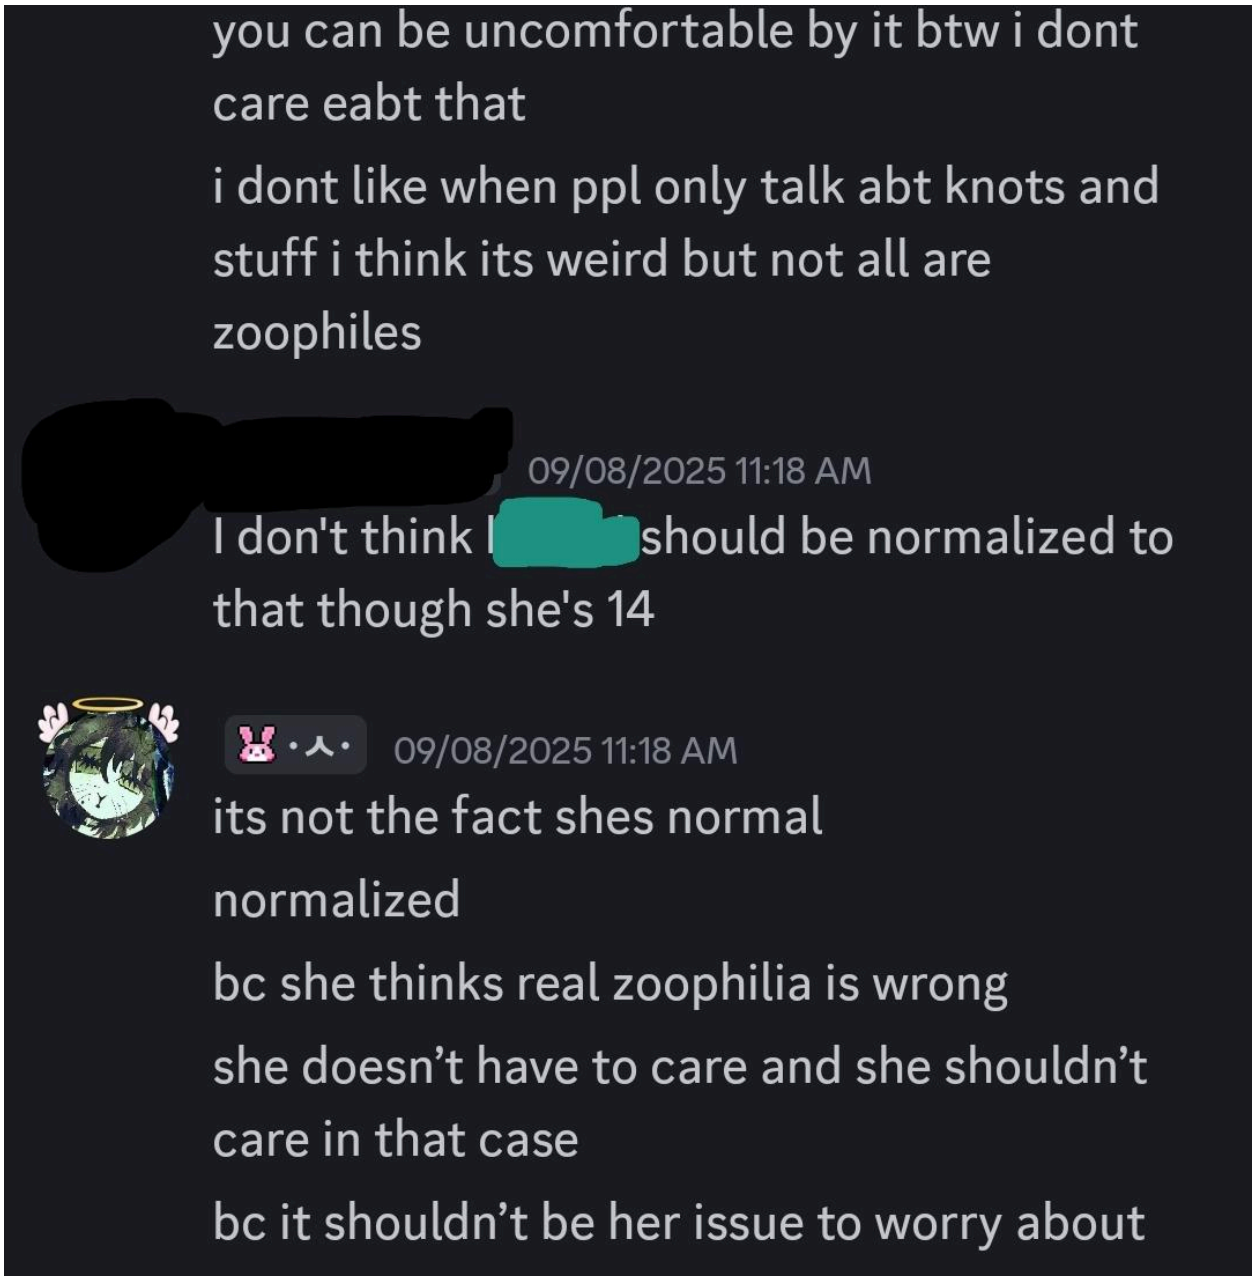


[redacted] I said it was of an irl fox because nyanwolf liked feral porn of an actual fox with the same
09/08/2025 11:14 AM
this didnt tic me off but i just cant see furry porn any different than feral porn

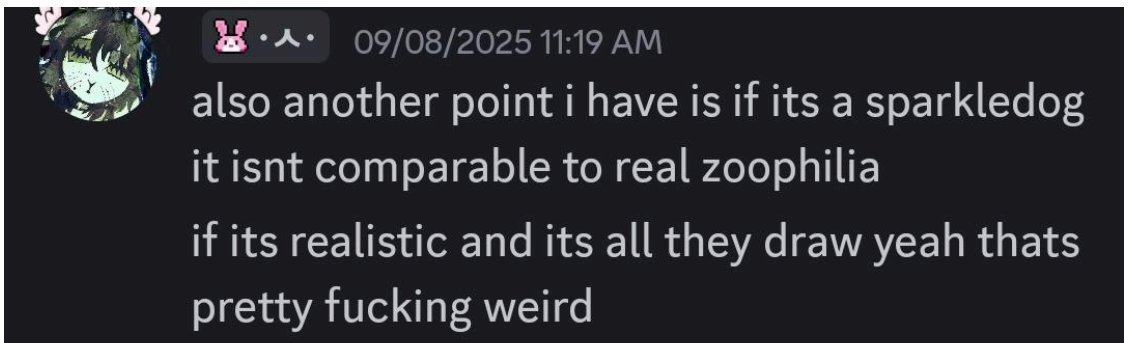


09/08/2025 11:16 AM
nyanwolf isnt even a zoophile bye
feral porn is not zoophilia
it does not compare to real animals at all
nor does the anatomy
if you like feral porn and you're a zoo you were always a zoophile
it has no correlation with the feral porn unless you were groomed from a extremely young age to believe its okay in real animals
and dont even think abt telling me im wrong cus i study psychology and YOU DONT
[redacted] 09/08/2025 11:17 AM
I disagree with the feral thing heavily I am sorry
1
09/08/2025 11:17 AM
zoophilia is a paraphilic disorder (being obsessed with it to the point it causes you to want to commit crimes + it causes you psychological distress to the point of suicidal ideation and whatnot)
you can disagree but science does not
you can be uncomfortable by it btw i dont
care eabt that

Daisy in this message then proceeds to act like ***Moss*** is extremely stupid and uneducated as Daisy claims to “Study Psychology” implying to be more smarter than ***Moss***.



you can be uncomfortable by it btw i dont care eabt that
i dont like when ppl only talk abt knots and stuff i think its weird but not all are zoophiles
09/08/2025 11:18 AM
I don't think I should be normalized to that though she's 14
09/08/2025 11:18 AM
its not the fact shes normal
normalized
bc she thinks real zoophilia is wrong
she doesn’t have to care and she shouldn’t care in that case
bc it shouldn’t be her issue to worry about

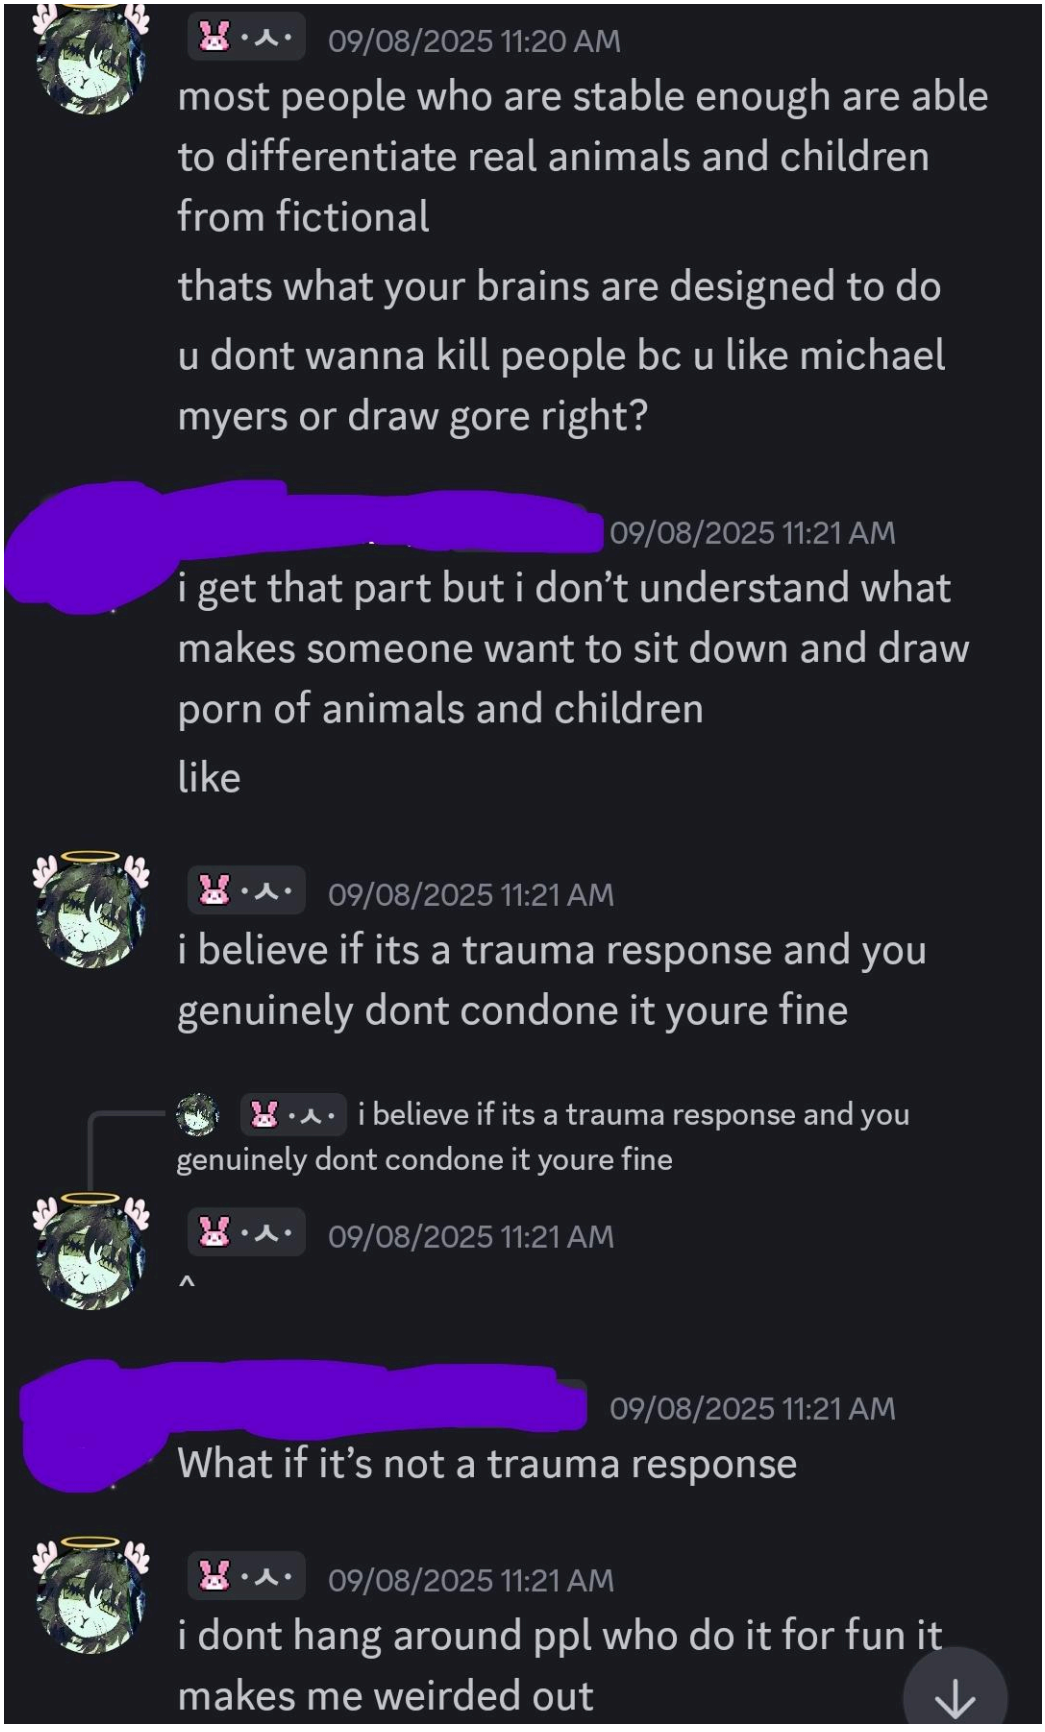


09/08/2025 11:19 AM
also another point i have is if its a sparkledog it isnt comparable to real zoophilia
if its realistic and its all they draw yeah thats pretty fucking weird

Moss is

then concerned with Daisy's views infront of ***Winter*** because throughout this conversation Daisy's trying to normalize feral nsfw because it's “fictional” and it's not zoophilic at all.

Melvin proceeds to ask Daisy what he's talking about because they don't understand Daisy's views regarding feral porn not being zoophilic.



09/08/2025 11:20 AM
most people who are stable enough are able to differentiate real animals and children from fictional
thats what your brains are designed to do
u dont wanna kill people bc u like michael myers or draw gore right?
[redacted] 09/08/2025 11:21 AM
i get that part but i don't understand what makes someone want to sit down and draw porn of animals and children
like
09/08/2025 11:21 AM
i believe if its a trauma response and you genuinely dont condone it youre fine
i believe if its a trauma response and you genuinely dont condone it youre fine

^
[redacted] 09/08/2025 11:21 AM
What if it's not a trauma response
09/08/2025 11:21 AM
i dont hang around ppl who do it for fun it makes me weirded out

09/08/2025 11:21 AM

i dont hang around ppl who do it for fun it makes me weirded out

i dont think theyre always predators but me personally i dont like it

it makes me so fucking uncomfortable

[redacted] 09/08/2025 11:22 AM

Idk man like if you watched up to a functioning adult who has a job and announced you like drawing animals having sex in your free time it doesn't sound so normal

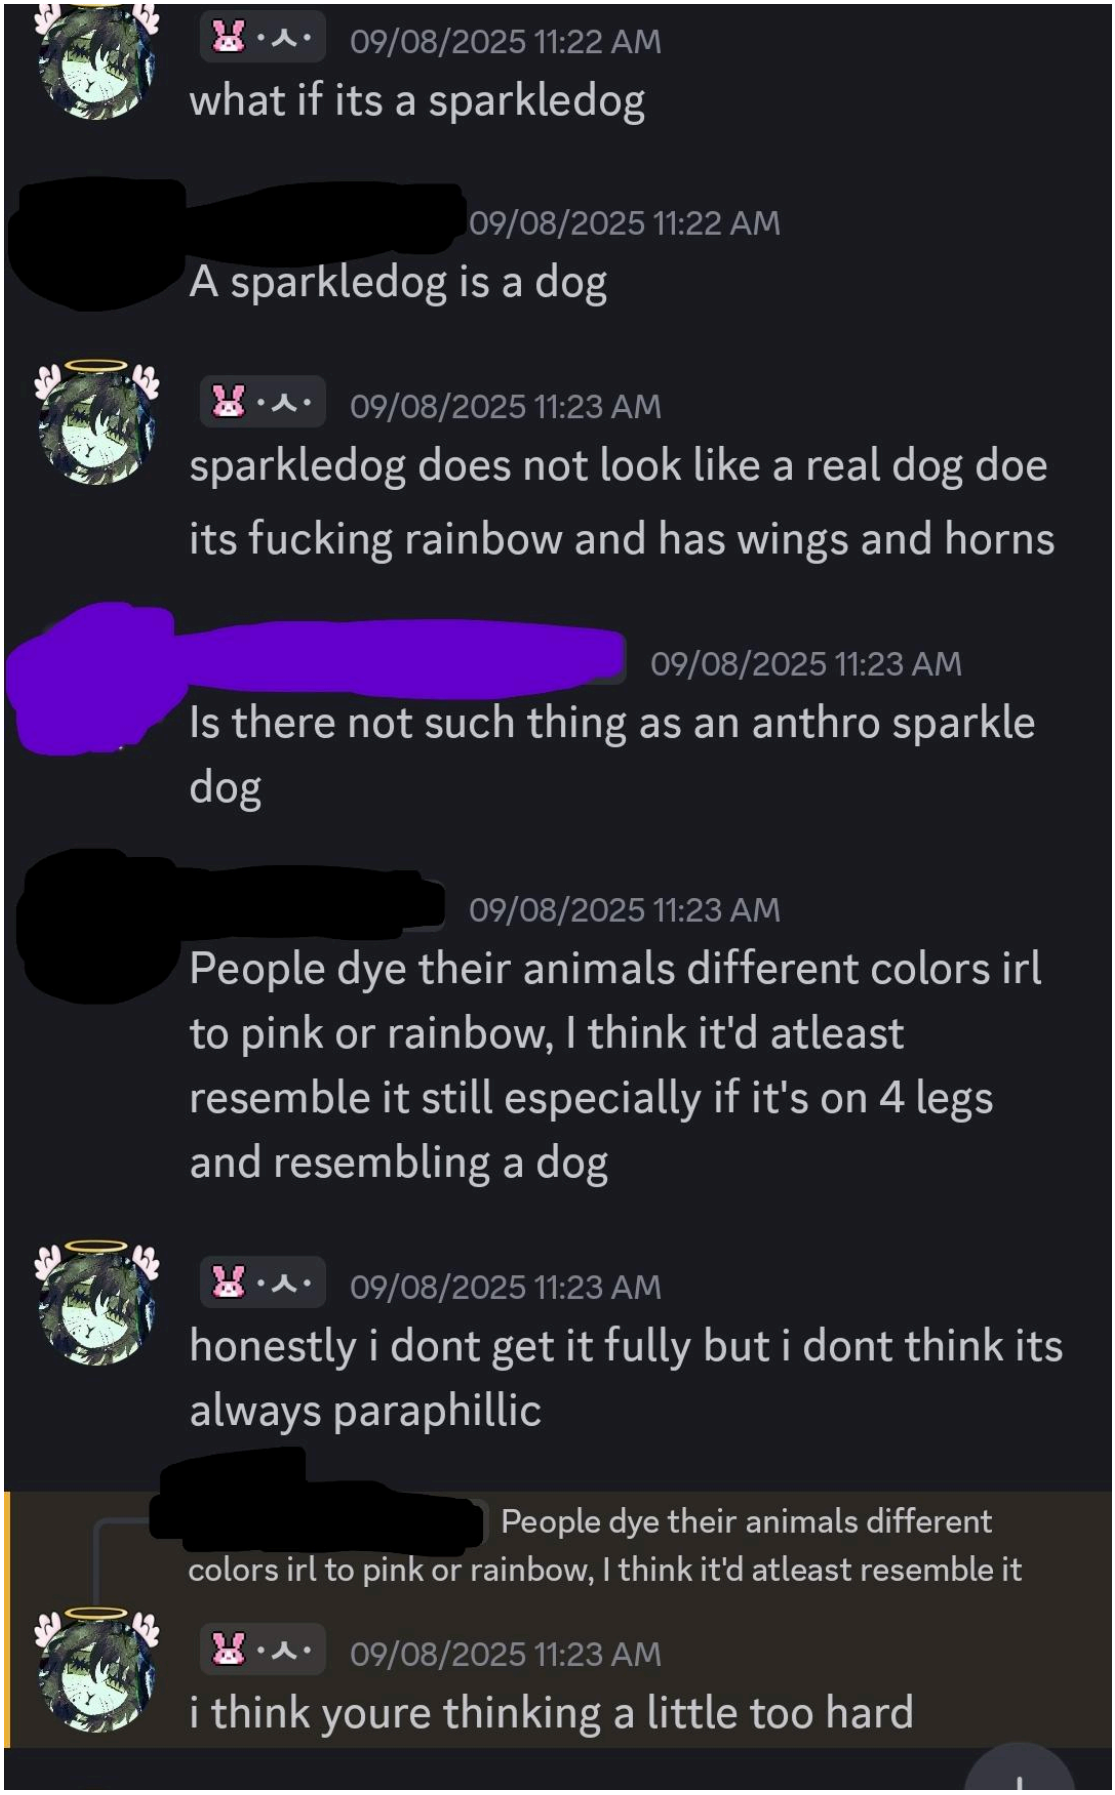
[redacted] 09/08/2025 11:22 AM

I see a difference with feral because if you're depicting an animal that has realistic futures to that of an actual animal on 4 legs and it has the same color pallet as a real life animal, and not an anthropomorphic one that could be deemed under it being zoophilic because you're attracted to animal proportions.

That's why there's a difference between anthropomorphic because it's a humanoid and an animal

1

Melvin and ***Moss's*** arguments against Daisy



09/08/2025 11:22 AM
what if its a sparkledog
09/08/2025 11:22 AM
A sparkledog is a dog
09/08/2025 11:23 AM
sparkledog does not look like a real dog doe its fucking rainbow and has wings and horns
09/08/2025 11:23 AM
Is there not such thing as an anthro sparkle dog
09/08/2025 11:23 AM
People dye their animals different colors irl to pink or rainbow, I think it'd atleast resemble it still especially if it's on 4 legs and resembling a dog
09/08/2025 11:23 AM
honestly i dont get it fully but i dont think its always paraphillic
People dye their animals different colors irl to pink or rainbow, I think it'd atleast resemble it
09/08/2025 11:23 AM
i think youre thinking a little too hard

Daisy keeps defending feral porn and trying to normalize that it's not zoophilic because it's a sparkledog or “fictional”

i think youre thinking a little too hard

[redacted] 09/08/2025 11:23 AM

The reason why people have a huge disagreement with that is because it's on 4 legs

[redacted] I see a difference with feral because if you're depicting an animal that has realistic futures to that

wouldnt this imp,y to athri porn too though because what if someones fursona has the same patterns as a real cat

·ㅅ· 09/08/2025 11:24 AM

its just very unlikely to do so

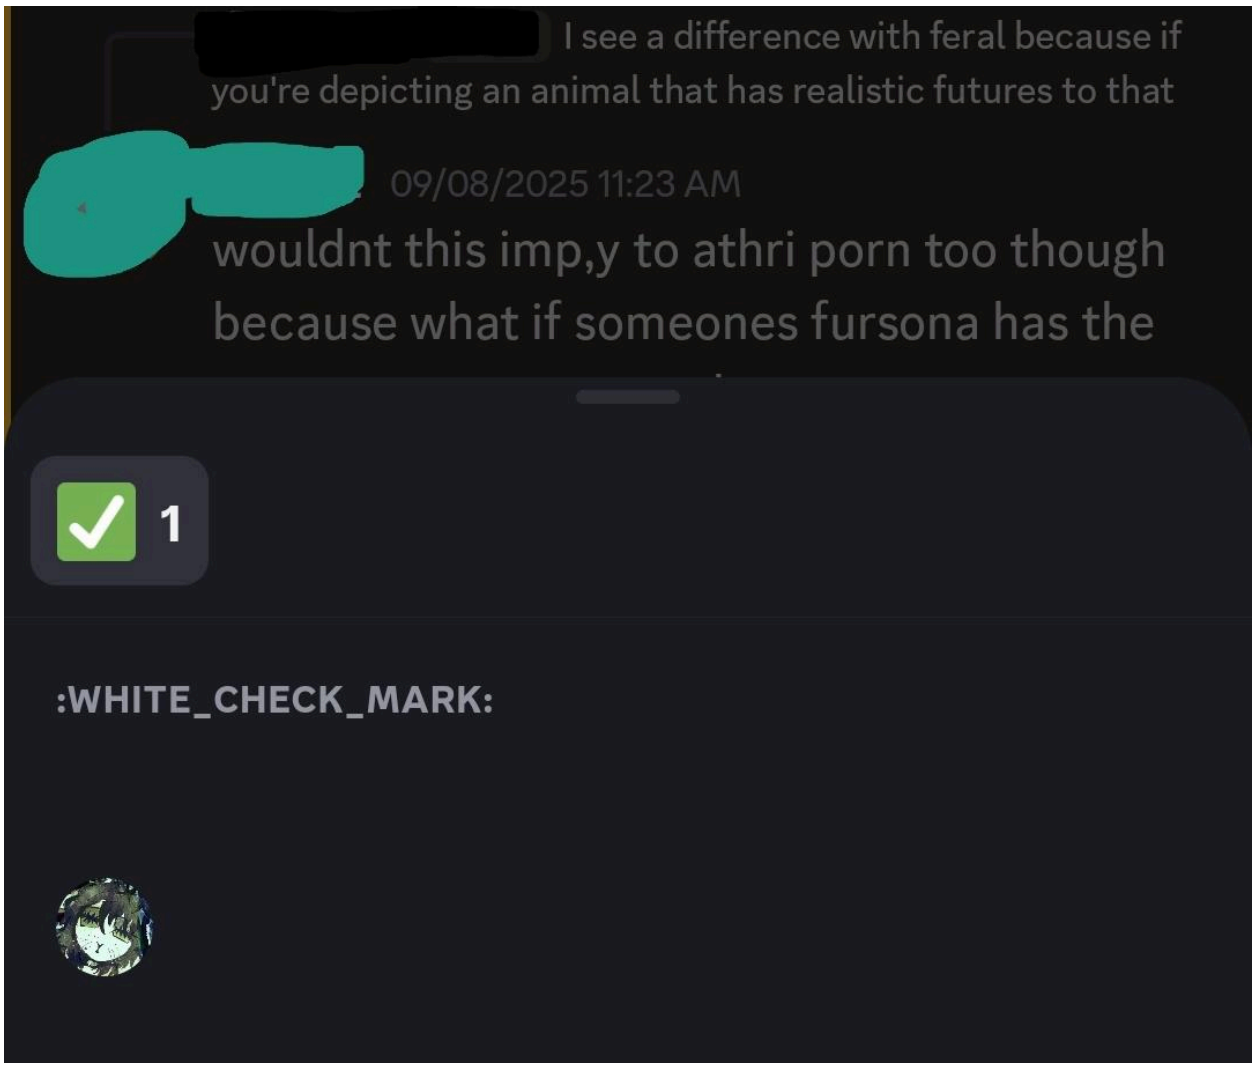
[redacted] 09/08/2025 11:24 AM

How's feral justifiable

Alot of people draw it to specifically get off to it most of the time

I don't care about it but it's gonna be seen as

Winter proceeds to side with Daisy, and I just want to mention throughout this document ***Winter*** has been normalized to feral porn due to bad experiences with people online for years, Daisy is aware of this and still proceeded to normalize feral porn onto them.



I see a difference with feral because if you're depicting an animal that has realistic futures to that

im not saying its justifiable im saying your not a zoophile unless u genuinely have a paraphillic attraction to real animals
09/08/2025 11:24 AM
It's not about the patterns i think the main concern is why are you drawing the genitals of an animal (genitals an animal would have) in a sexualised situation that is intended to pleasure humans who will see the art

09/08/2025 11:24 AM

I'm not fussed if someone doesn't care about it but if they actively endorse it then erm

[redacted] 09/08/2025 11:26 AM

okay

[redacted] 09/08/2025 11:26 AM

Like most people don't know this exists so it's normal to not care but to support it is something else

·ㅅ· 09/08/2025 11:27 AM

ALSO GUYS SORRY I DONT WANNA BE WEIRD TOYOU IM LITERALLY JUST EXPLAINING THE GENUINE PSYCHOLOGY AND ALSO MY OWN OPINION

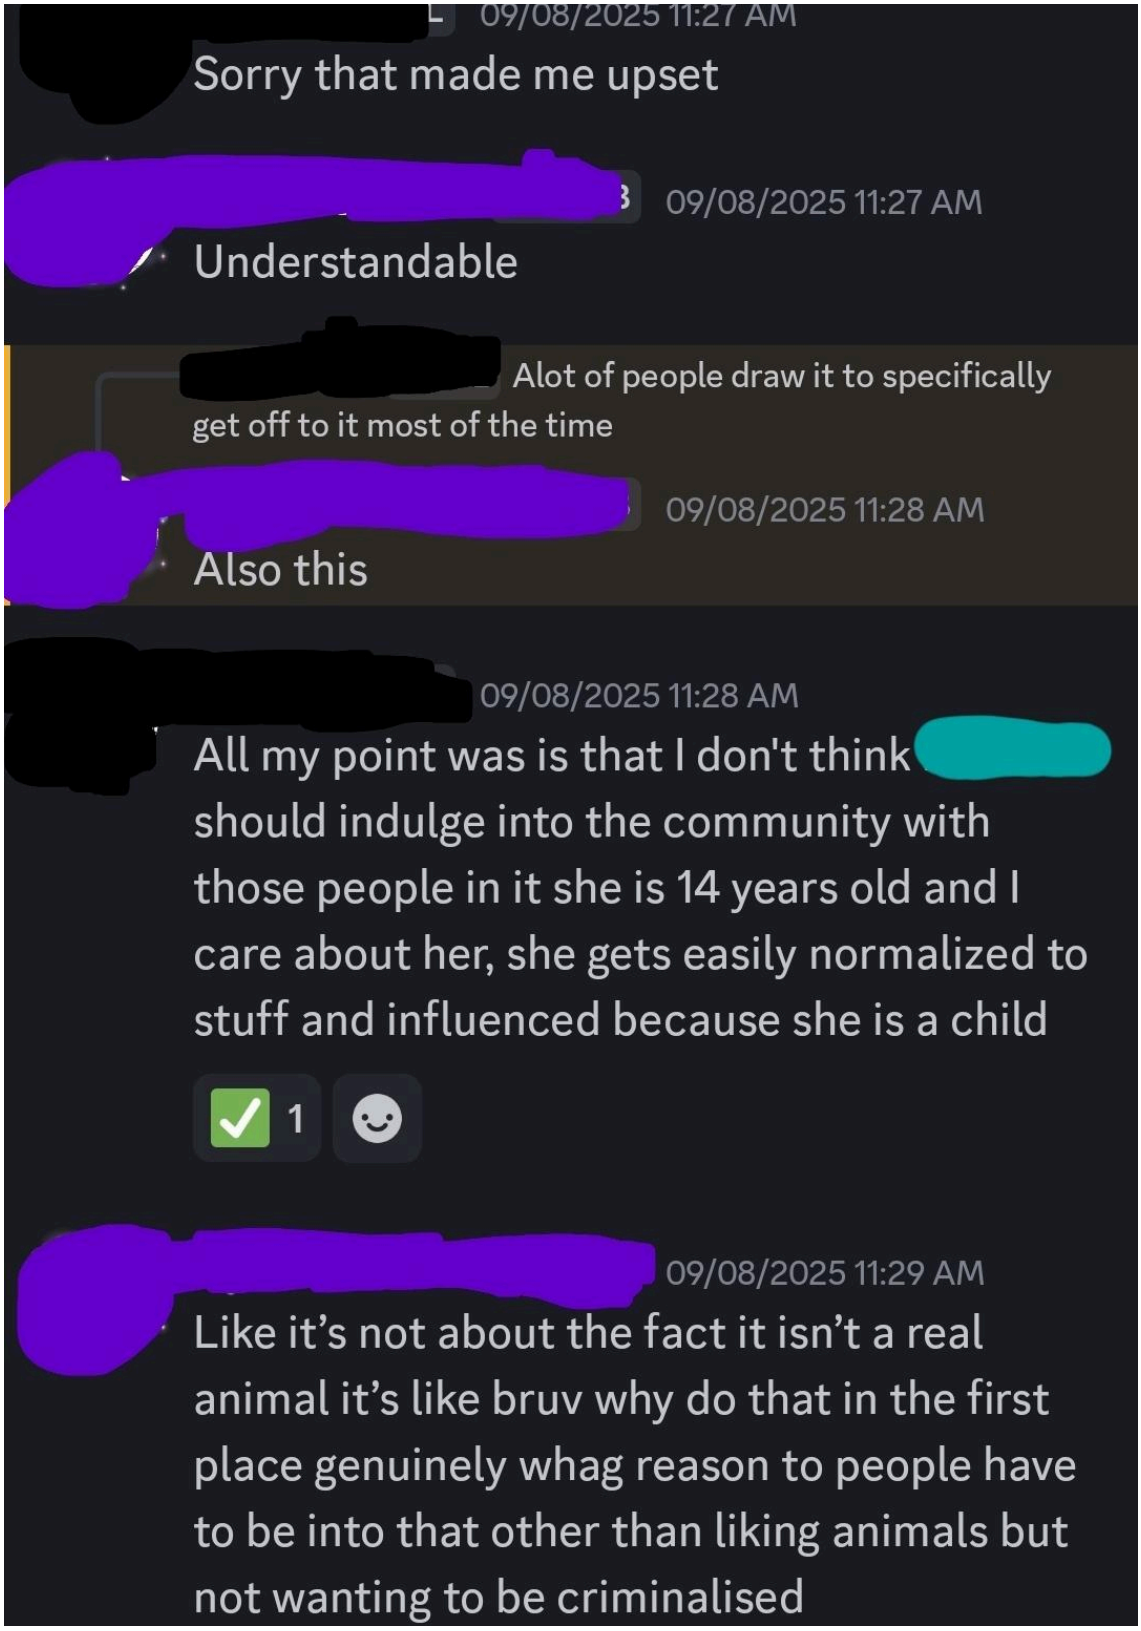
NO ITS OK

IM JUST GENUINELY ASKING

[redacted] 09/08/2025 11:27 AM

Sorry that made me upset

Throughout this conversation Daisy was treating ***Moss*** like they were uneducated and incredibly stupid***,*** and ***Moss*** stated that they were rightfully upset afterwards, especially because they want to protect ***Winter*** from harmful spaces, ***Melvin*** also wants to do the same for ***Winter***.



09/08/2025 11:27 AM
Sorry that made me upset
09/08/2025 11:27 AM
Understandable
Alot of people draw it to specifically get off to it most of the time
09/08/2025 11:28 AM
Also this
09/08/2025 11:28 AM
All my point was is that I don't think should indulge into the community with those people in it she is 14 years old and I care about her, she gets easily normalized to stuff and influenced because she is a child
1
09/08/2025 11:29 AM
Like it's not about the fact it isn't a real animal it's like bruv why do that in the first place genuinely whag reason to people have to be into that other than liking animals but not wanting to be criminalised

Daisy then proceeds to get mad and hostile at what ***Moss*** was expressing about why they were sad

[redacted] 09/08/2025 12:01 PM

I got upset because my point was I want to keep [redacted] away from material like that and it just seemed like you were trying to normalize it or justify it through it being a coping mechanism

give me a second i js got home

[redacted] 09/08/2025 12:01 PM

Welcome home king. I'm hungry give me those bootyflakes

> [redacted] I got upset because my point was I want to keep [redacted] away from material like that and it just

did u not see me say she shouldnt care or not care?

she shouldnt be around it at all?

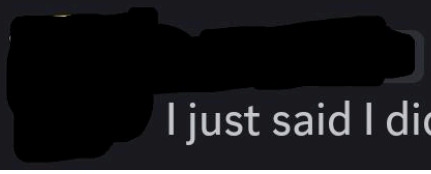
i hope so sigh
i care for her too



09/08/2025 12:03 PM
I just said I didn't hat elyu

Moss after asking why Daisy's mad at them, Daisy then proceeds to guilt trip ***Moss*** and claim that ***Moss*** hates him and that ***Moss*** was being mean.

[redacted] 09/08/2025 12:04 PM

I just felt like u were mad bc I took it a different way I'm not the best with taking things and I take things sometimes as aggression or someone trying to make me upset I'm not saying that's what u did but in general I have an issue with it

[redacted] 09/08/2025 12:04 PM

Btw this is me when i see daisy

[redacted] 09/08/2025 12:04 PM

Sorry now I'm fewakingout

(・人・) 09/08/2025 12:04 PM

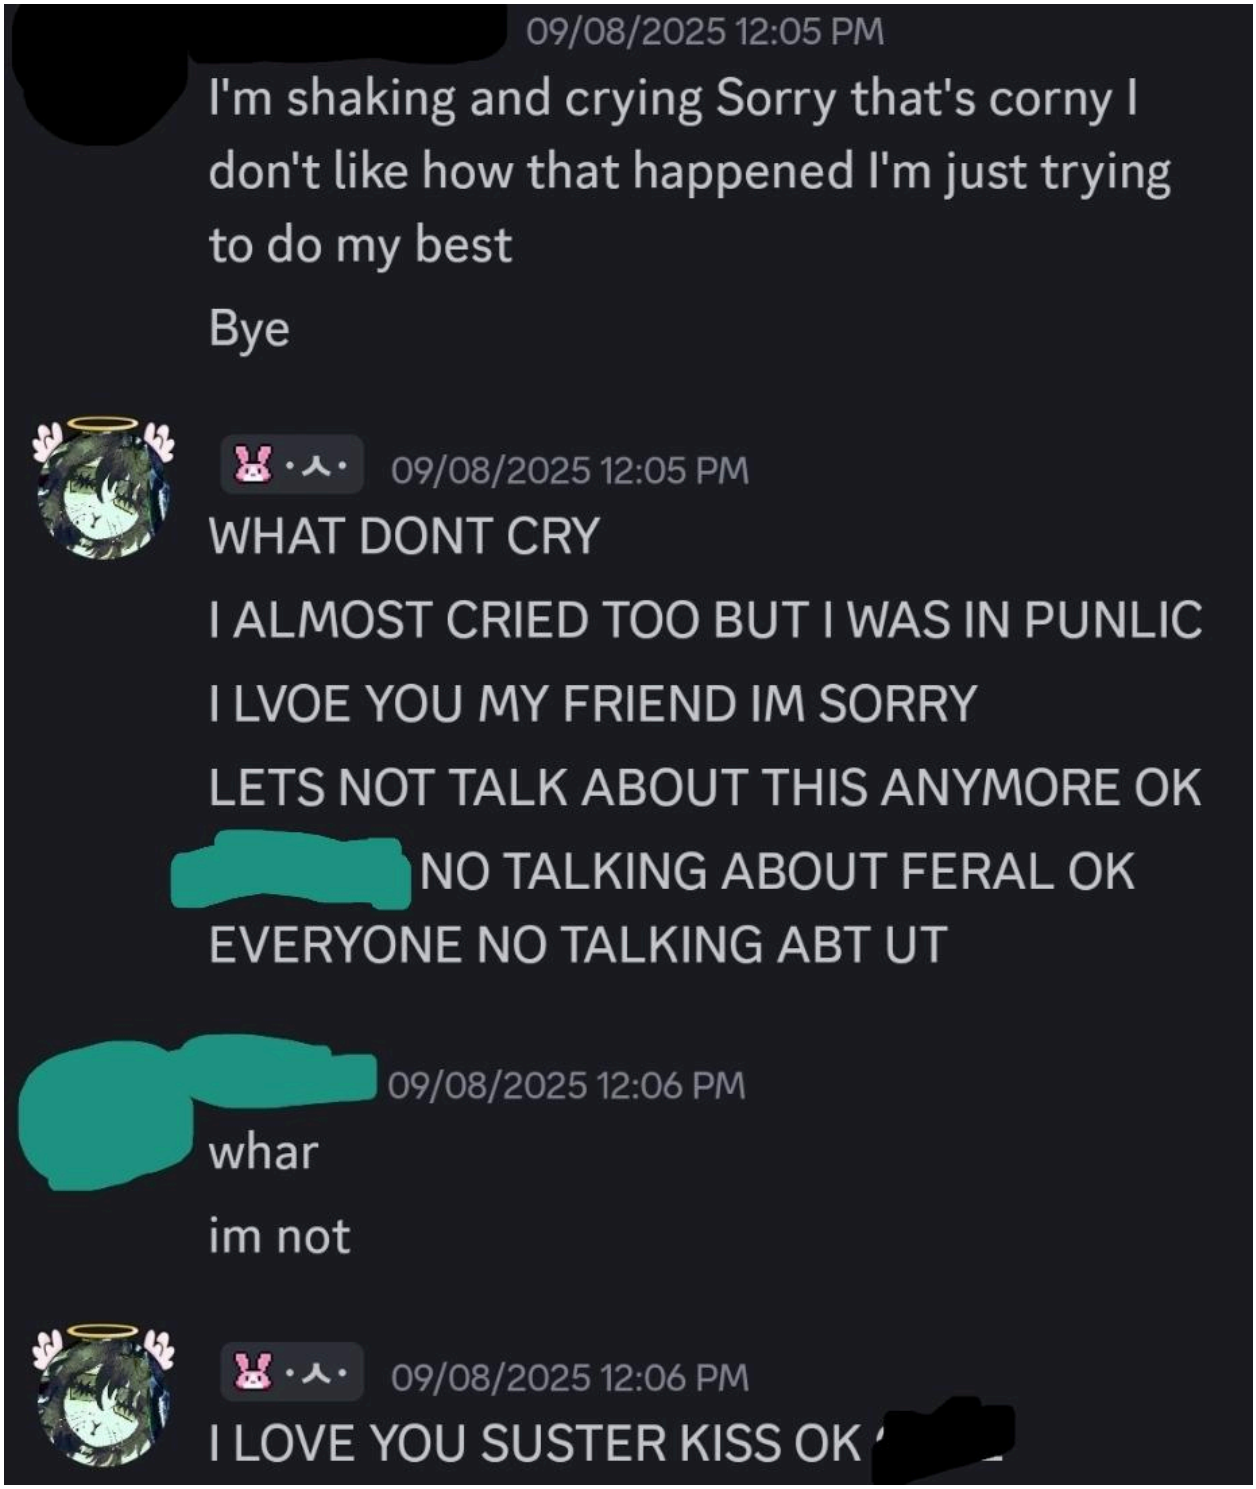
no no im not mad at all

i just thought u were mad at me and i got really scared

i dont like when my friends are mad at me it makes me cry

because i love you guys so much

Moss gets triggered easily due to getting stressed easily and they started freaking out about what Daisy was saying to them in the groupchat.



09/08/2025 12:05 PM
I'm shaking and crying Sorry that's corny I don't like how that happened I'm just trying to do my best
Bye
09/08/2025 12:05 PM
WHAT DONT CRY
I ALMOST CRIED TOO BUT I WAS IN PUNLIC
I LVOE YOU MY FRIEND IM SORRY
LETS NOT TALK ABOUT THIS ANYMORE OK
NO TALKING ABOUT FERAL OK
EVERYONE NO TALKING ABT UT
09/08/2025 12:06 PM
whar
im not
09/08/2025 12:06 PM
I LOVE YOU SUSTER KISS OK

Moss then leaves the conversation due to the distress and guilt tripping that Daisy had put onto them.

[redacted] 09/08/2025 7:47 PM

I know this conversation was hours ago (I just woke up not even a few minutes ago) but I hope you didn't take what I said to offense I just took it a different way and I care about [redacted] alot, I care about all my friends in that groupchat and I don't hate you at all I love you daisy

I also got emotional over it and cried because I just didn't want [redacted] to be hurt or worse be in bad environments again because I care about her and she's so young and people her age get influenced easily so I'm a bit protective on that

I took what you said differently and I'm sorry if I came off mean or anything like that I wasn't trying too and I got overwhelmed because of it

I think having disagreements is totally fine it doesn't ruin anything between me and yous friendship I love you despite our disagreements because everyone will naturally disagree on stuff and not think the same way

1

And I also cried bc I thought I was gonna lose you over a disagreement

Jump to Message

After the debate ***Moss*** had with Daisy, They apologized to Daisy directly in dms because they felt like they were wrong, and were gonna lose Daisy over a disagreement and didn't want ***Winter*** to fall into bad spaces like they had before in the past.

·ㅅ· 09/08/2025 8:01 PM

UGGHH STOP IM SO SORYR I LITERALLY HTOUGHT U WERE GONNA REMOVE ME FROM THE GC OR SOEMTHIGN I WA SO WORRIEID i do not mind at all that we have differing views as long as im not hurting anyone or myself and vice versa its okay to disagree,, and even so thats the point of friends to help u get better and to educate u bc u cant grow alone

your like a sister to me to dear [redacted] i would cry alot if i lost any of you 😢😢

[redacted] 09/08/2025 8:01 PM

And In general I don't wanna come off stupid I just act really gullible and naive and even oblivious most of the time because I haven't rlly grown out of my mindset of when I was like9 but I know alot more than I did when I was that age

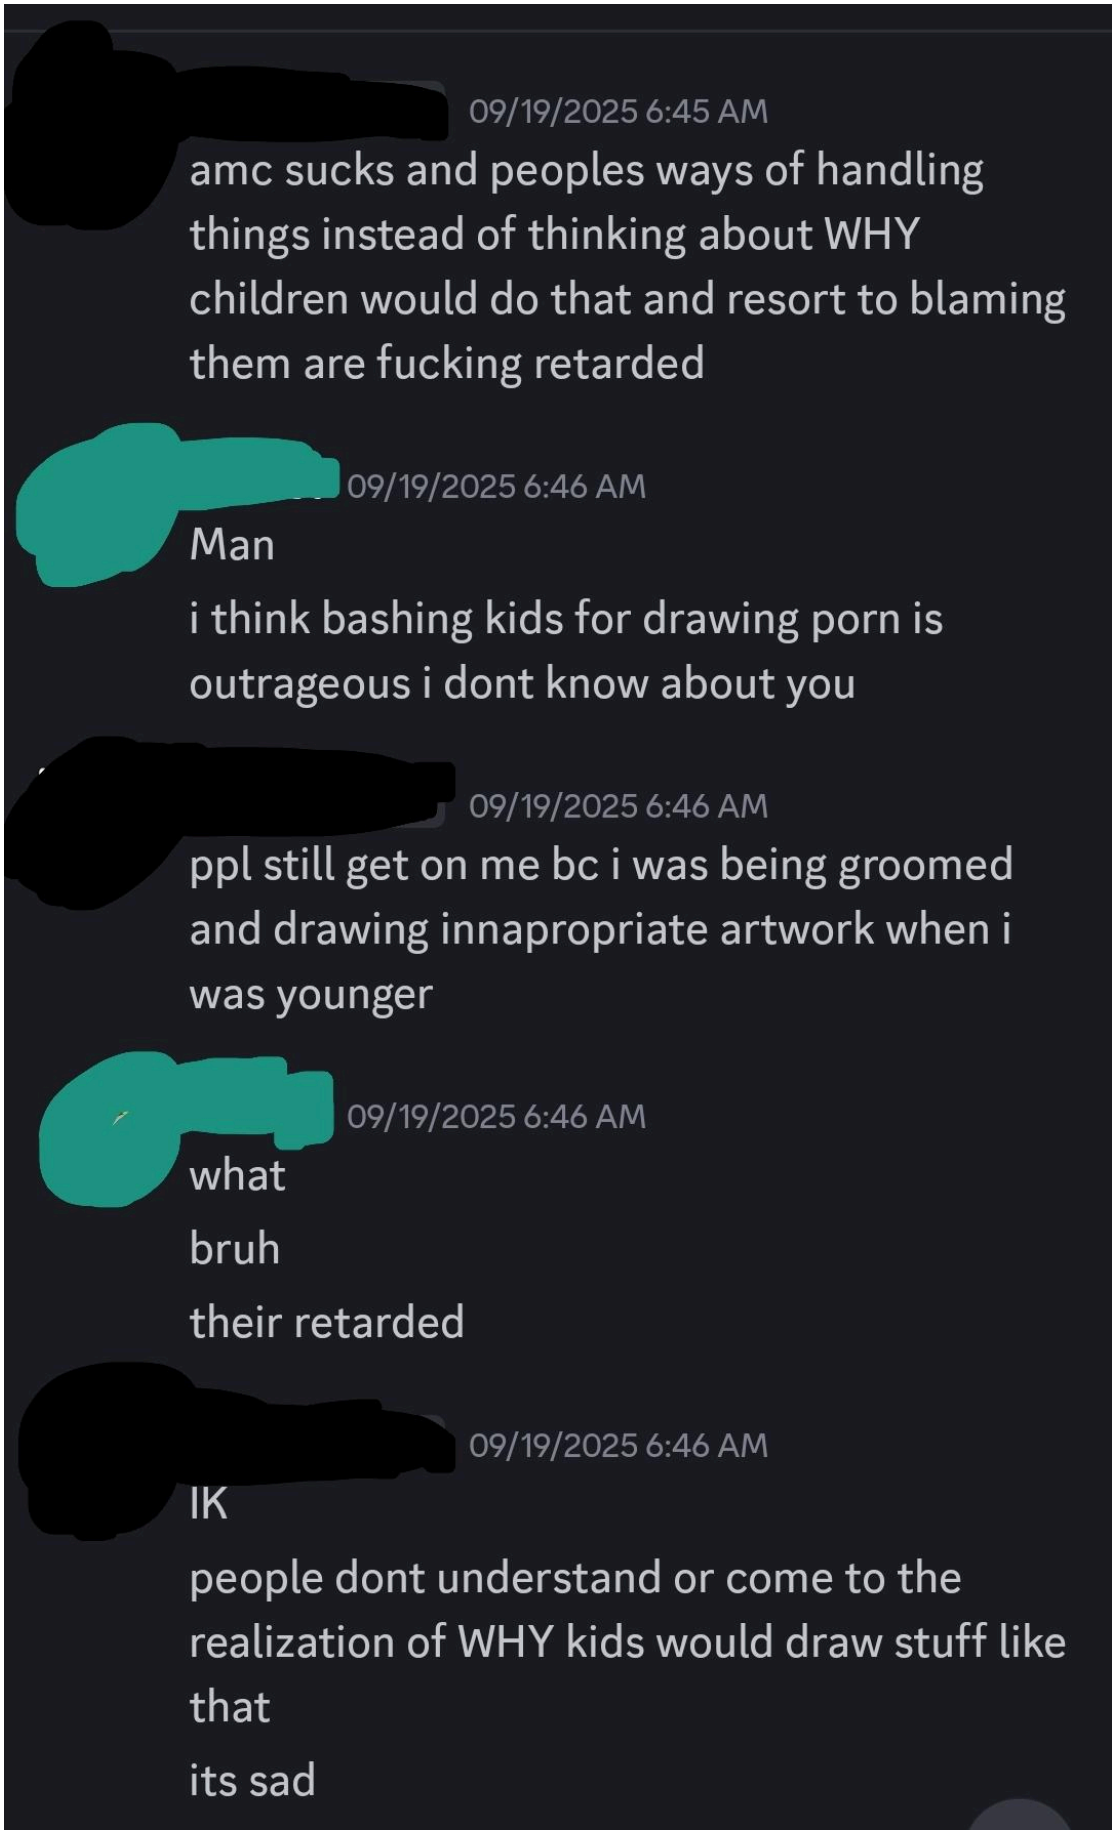
> ·ㅅ· UGGHH STOP IM SO SORYR I LITERALLY HTOUGHT U WERE GONNA REMOVE ME FROM THE GC OR

[redacted] 09/08/2025 8:01 PM

I agree

I just don't wnana lose you I was so upset

Moss and Daisy come to an agreement but ***Moss*** states afterwards that they're really gullible and implied to be easily taken advantage of and how there development is stunted to that of when they were 9 years old, this part will be important later on.



09/19/2025 6:45 AM
amc sucks and peoples ways of handling things instead of thinking about WHY children would do that and resort to blaming them are fucking retarded
09/19/2025 6:46 AM
Man
i think bashing kids for drawing porn is outrageous i dont know about you
09/19/2025 6:46 AM
ppl still get on me bc i was being groomed and drawing innapropriate artwork when i was younger

what
bruh
their retarded
09/19/2025 6:46 AM
IK
people dont understand or come to the realization of WHY kids would draw stuff like that
its sad

On 09/19/2025 ***Moss*** states that kids shouldn't be blamed or hated on for drawing nsfw because they could be getting groomed and they're endangering themselves, instead of people trying to help kids out and educating them on why it's dangerous to do this as a child.

[redacted] 09/19/2025 6:47 AM

I get urgesto draw stuff like it too much for some reason

Moss had stopped responding after that discussion, Daisy jumps in and says “Kids are allowed to draw porn, it baffles me ppl think they arent”

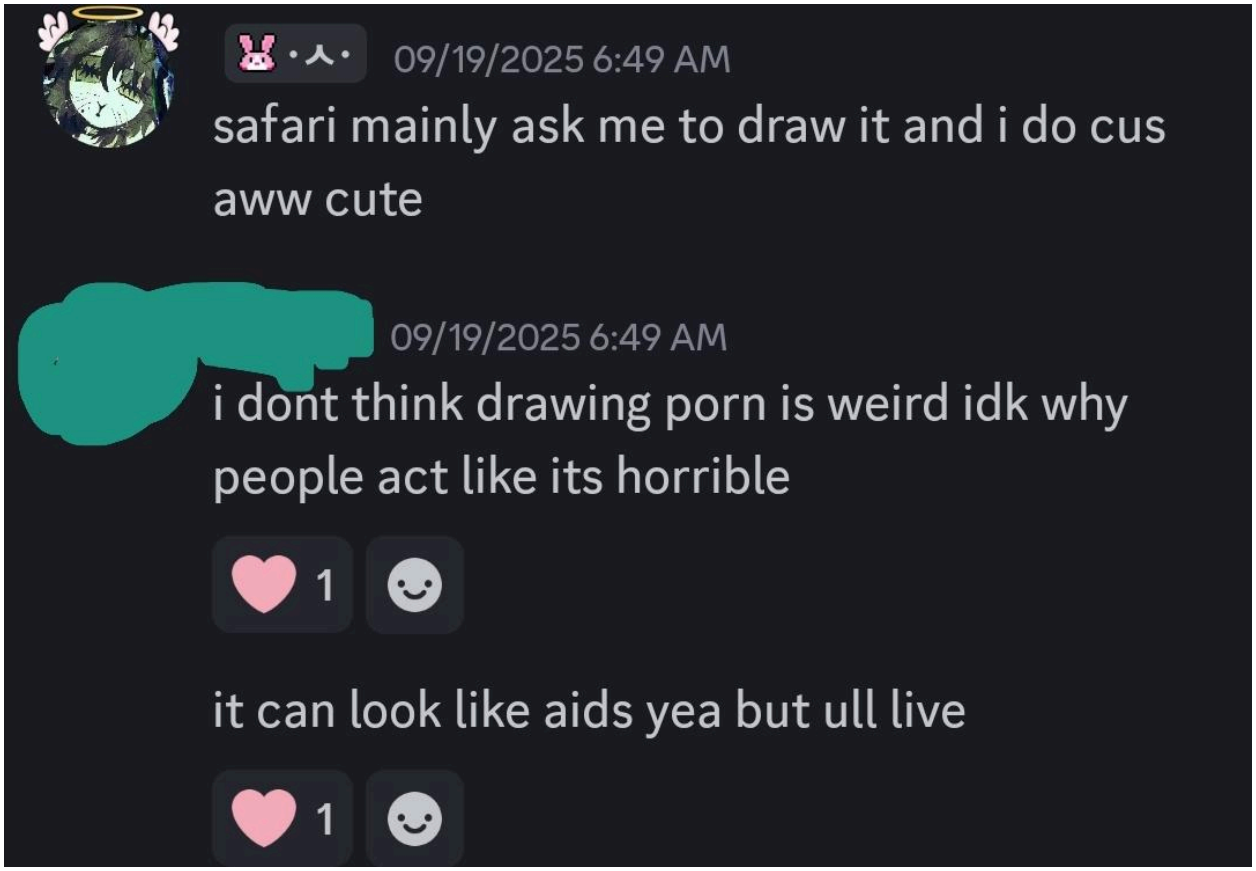
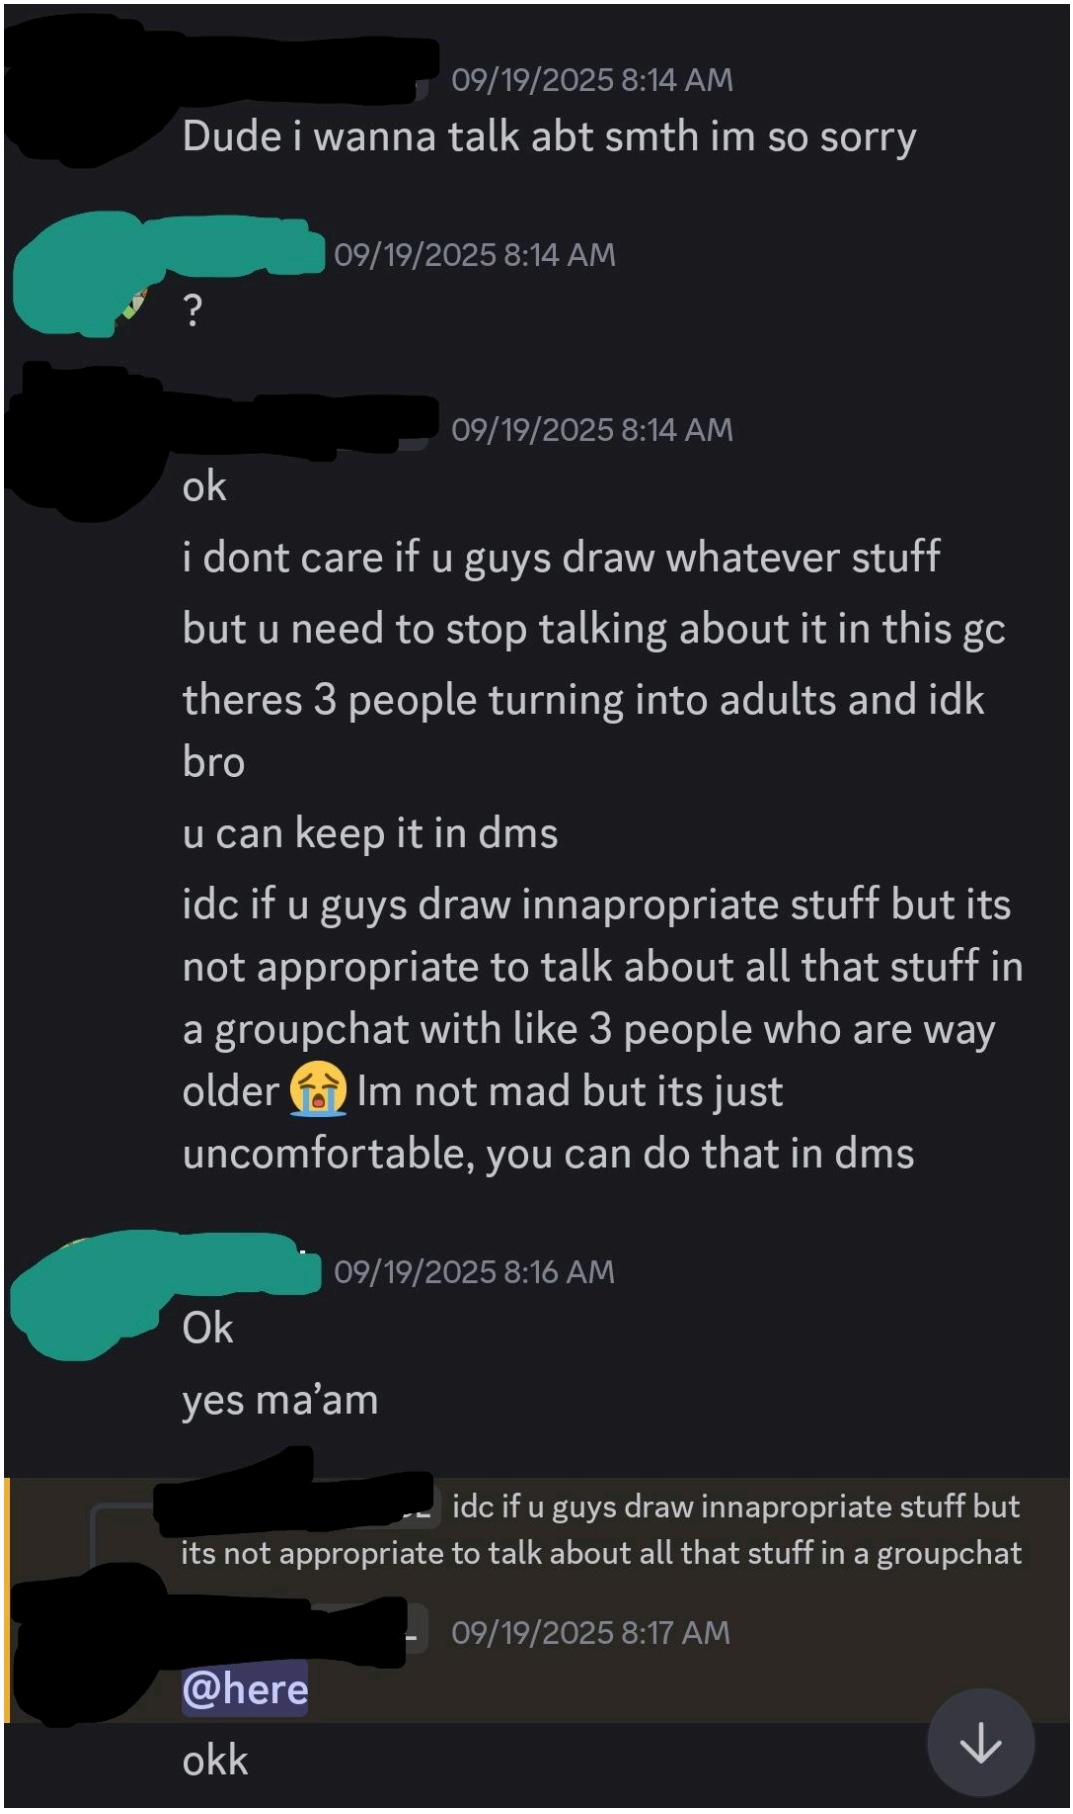
Daisy then encourages and starts taking part in a conversation with ***Winter*** about genitalia and talking about how Safari asked Daisy to draw porn for her.



09/19/2025 6:49 AM
safari mainly ask me to draw it and i do cus aww cute
09/19/2025 6:49 AM
i dont think drawing porn is weird idk why people act like its horrible
1
it can look like aids yea but ull live
1

The reason why this is so bad is because a 16 year old should not be engaging and encouraging a conversation to go on like this with a 14 year old, no matter if the gap is 2 years it's not okay to normalize and encourage this, it's absolutely irresponsible.



09/19/2025 8:14 AM

09/19/2025 8:14 AM
?
09/19/2025 8:14 AM

i dont care if u guys draw whatever stuff
but u need to stop talking about it in this gc
theres 3 people turning into adults and idk
bro
u can keep it in dms
idc if u guys draw innapropriate stuff but its

Moss then seeing this conversation happen, announces that people in the groupchat should not discuss this with 3 people who are the oldest because it's innapropriate and not okay, ***Moss*** didn't know how to handle this and tried their best.

I'm just confused by what u mean age range are we all not the same range

Daisy claims that he mentioned talking about genitals to a 14 year old to be “relevant” which it wasn't, there's a huge difference with ***Moss*** stating that kids shouldn't be blamed and hated on for endangering themselves and being groomed into drawing nsfw, instead of Daisy going out of his way to encourage and normalize talking about porn towards someone as young as ***Winter***.

[redacted] 09/19/2025 8:27 AM

I get it ur uncomfortable but

Daisy and ***Apple*** start getting on ***Moss*** for announcing this concern and Daisy claims that “we can talk about scat and send nsfw as jokes but mentioning porn is where we draw the line?”

Melvin and ***Moss*** and ***Leaf*** never sent porn or discussed drawing porn, the only mentions about nsfw from them, was when ***Moss*** was venting about how they had gotten groomed by people for years to be exposed to material like that and it's affected them severely and ***Melvin*** was comforting ***Moss.***

Not sending porn to kids?? And being a groomer is apperantly what she's healing from

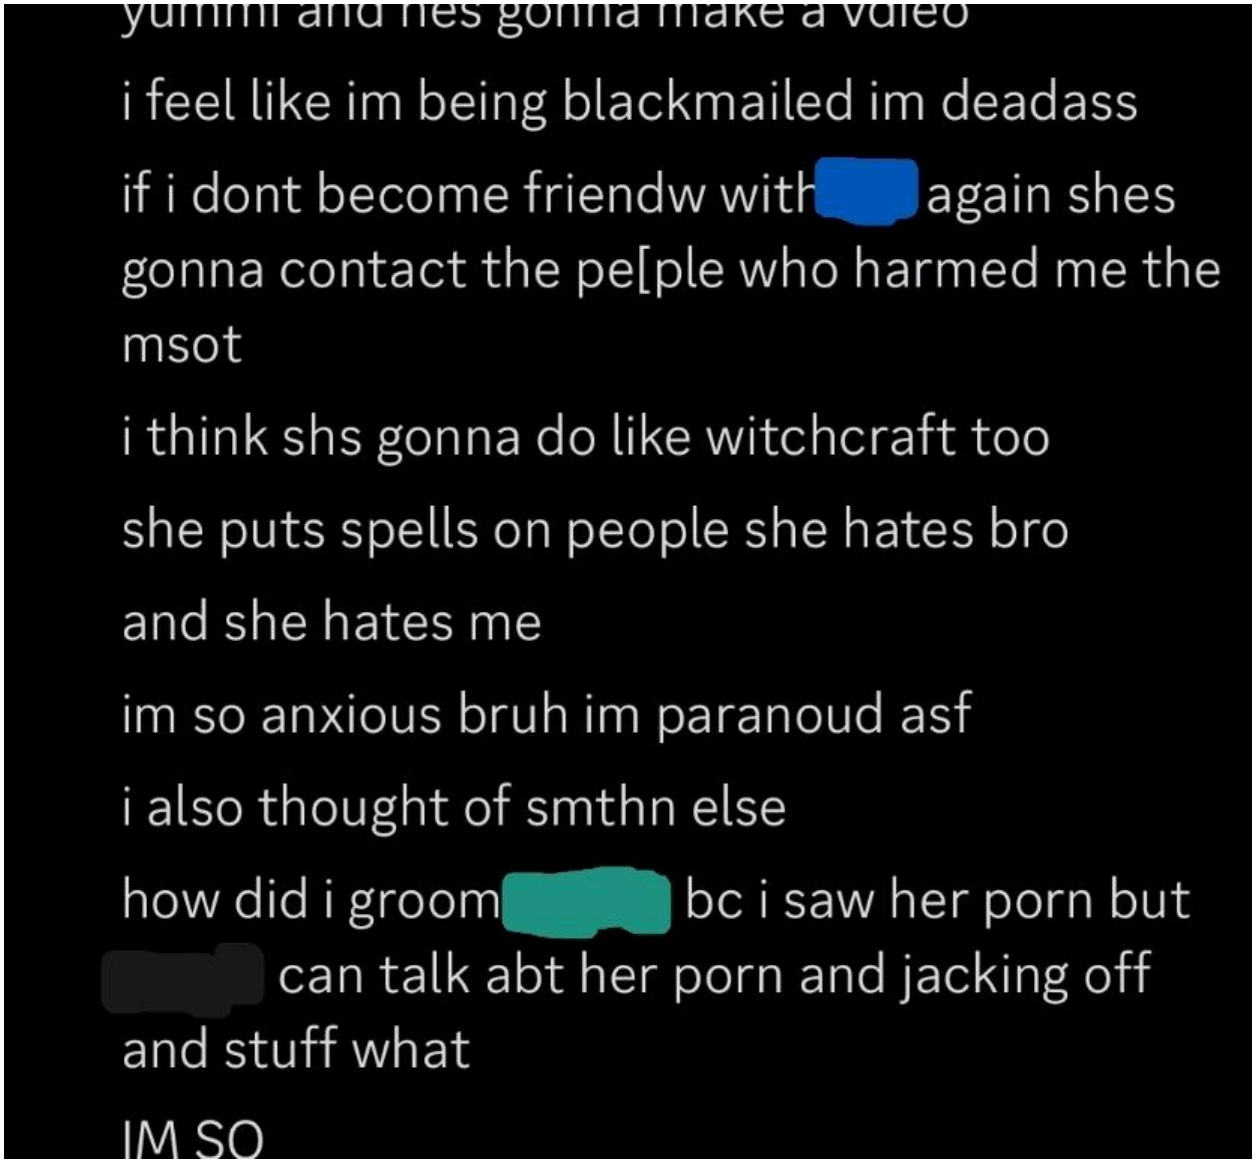
Also before this situation had turned into something bigger, on 10/15/2025 a leaked message of Daisy lying about ***Moss*** sending porn and how they talked about “jacking off’ in buniongangg had been sent to ***Moss.***



yummi and hes gonna make a video
i feel like im being blackmailed im deadass

how did i groom [redacted] bc i saw her porn but [redacted] can talk abt her porn and jacking off and stuff what

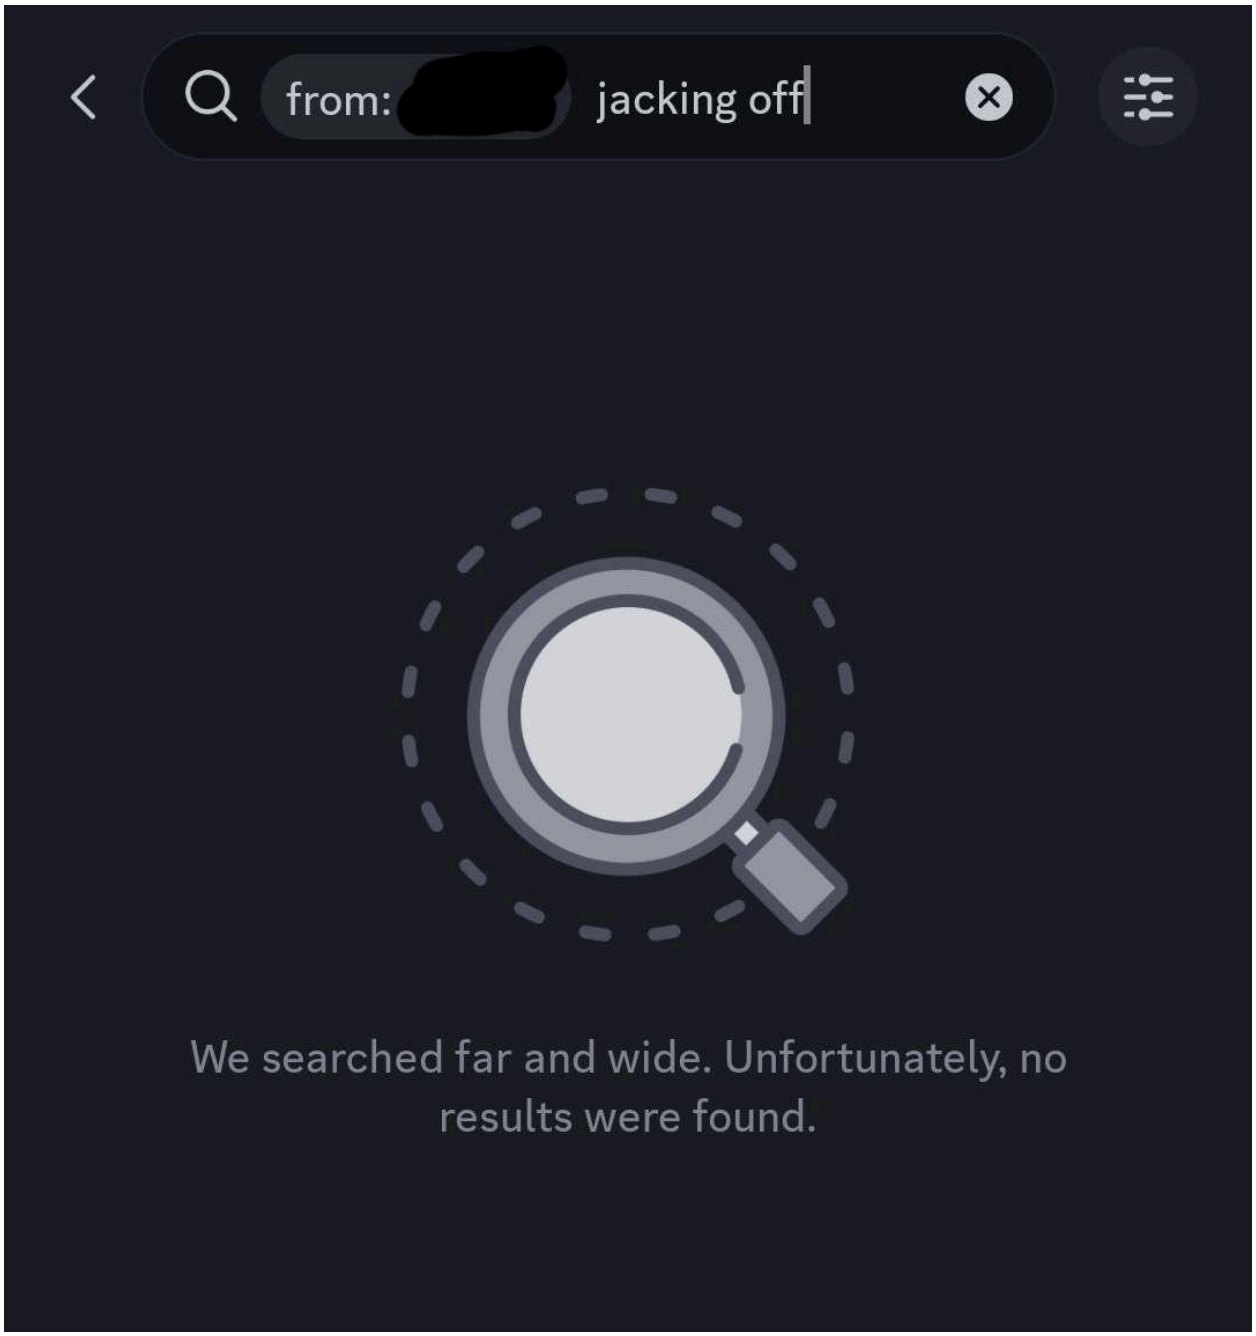
Daisy is aware that ***Moss*** has been groomed for years on end nonstop and doesn't like anything sexual, but still proceeded to lie about ***Moss*** with malicious intent to victimize himself.

Screenshot of any mentions of “jacking off” in buniongangg from ***Moss***



With Daisy's lies and intent to put the blame on ***Moss,*** instead of him taking any accountability for his actions,

Daisy was actually the one talking about pleasuring themselves and engaging in conversations relating to drawing porn in Buniongangg like the example with ***Winter*** and in another groupchat called (**Cupidites safe haven**) that I will get into way later.

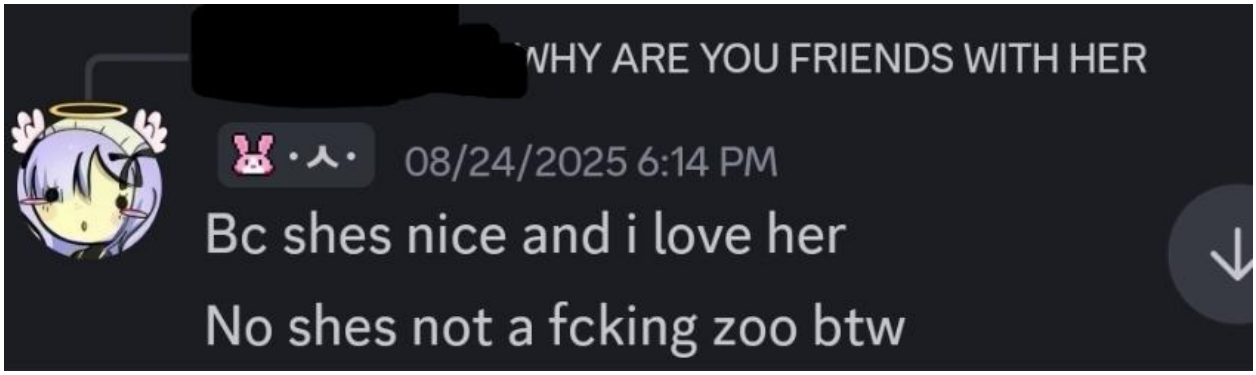
Who is Muppy?

Muppy is a rape fetishist, zoophile, proship enabler, befriender of known and exposed pedophiles, and has scammed clients, engaged with zoophiles, endangerment of minors, and much more.
If you want to see the evidence regarding Muppys actions I will link the doc.
But be warned as there is alot of uncensored nsfw, the Muppy doc is not for kids to view at all If you're 18+ and an adult please view it with caution alot of the stuff within the document could be triggering:

https://docs.google.com/document/d/14mQt6MgJFlvhss6XnM7l3wTJa4gw9N1M-k7Aoce2TPQ/edit?tab=t.0

Throughout this conversation Daisy lies about Muppy not being a zoophile to ***Chip*** and they take Daisy's word on it while being completely oblivious not given a description of what Muppy has done.



Nobody in Buniongangg knew what Muppy did either and Daisy was pushing the narrative that Muppy is a good person.

1mo
it has no correlation with the feral porn unless you were groomed from a extremely young age to believe its okay in real animals

On 09/19/2025 ***Moss*** had went in dms with ***Winter*** educating them on Daisy talking about genitalia and porn towards them is not okay and Daisy's views regarding feral nsfw and how it's zoophilic.

[redacted] 09/19/2025 5:29 PM

I wanna make this point across (me and daisy already made stuff up but I disagreed still despite of the makeup) but this is influence, and I wanna give an example of why feral stuff is extremely wrong,

This is an image of a feral drawing of a fox it speaks but it's still depicted as a real life animal with the side by side of the irl fox and people would say (hey ima draw weird stuff of this real life animal but since it's fictional and speaks it doesn't matter!)

The reason Why this is wrong is because it's depicting the exact same anatomy that a real life animal has while an anthropomorphic furry is depicting a humanoid of an animal that's standing on 2 legs with human anatomy and features, that's why this is way different than feral stuff because feral implies that the animal is on 4 legs and it depicts a real life fox such as the images showcased here.

There's a huge difference regarding this and no it's not okay either because a cat sometimes "stands up" or whatever that argument was they're STILL animals and everything.

Moss giving an example to ***Winter*** how feral artwork is no different from a real life fox or animal at all and people who draw innapropriate artwork of

feral animals on 4 legs is zoophilia.

Moss was clearly concerned and trying to look out for ***Winter*** along with ***Melvin*** but since ***Winter*** was so normalized to feral stuff and how Daisy was enabling this, it was really hard for all of the others in the situation to get through ***Winter,***

Due to these concerns ***Moss*** had that wasn't getting across cuz of Daisy's influence and guilt tripping in the situation, ***Moss*** created a groupchat with ***Melvin*** and ***Leaf*** to discuss on what they were planning to do in the situation and how ***Moss*** was freaked out over everything happening and needed help.

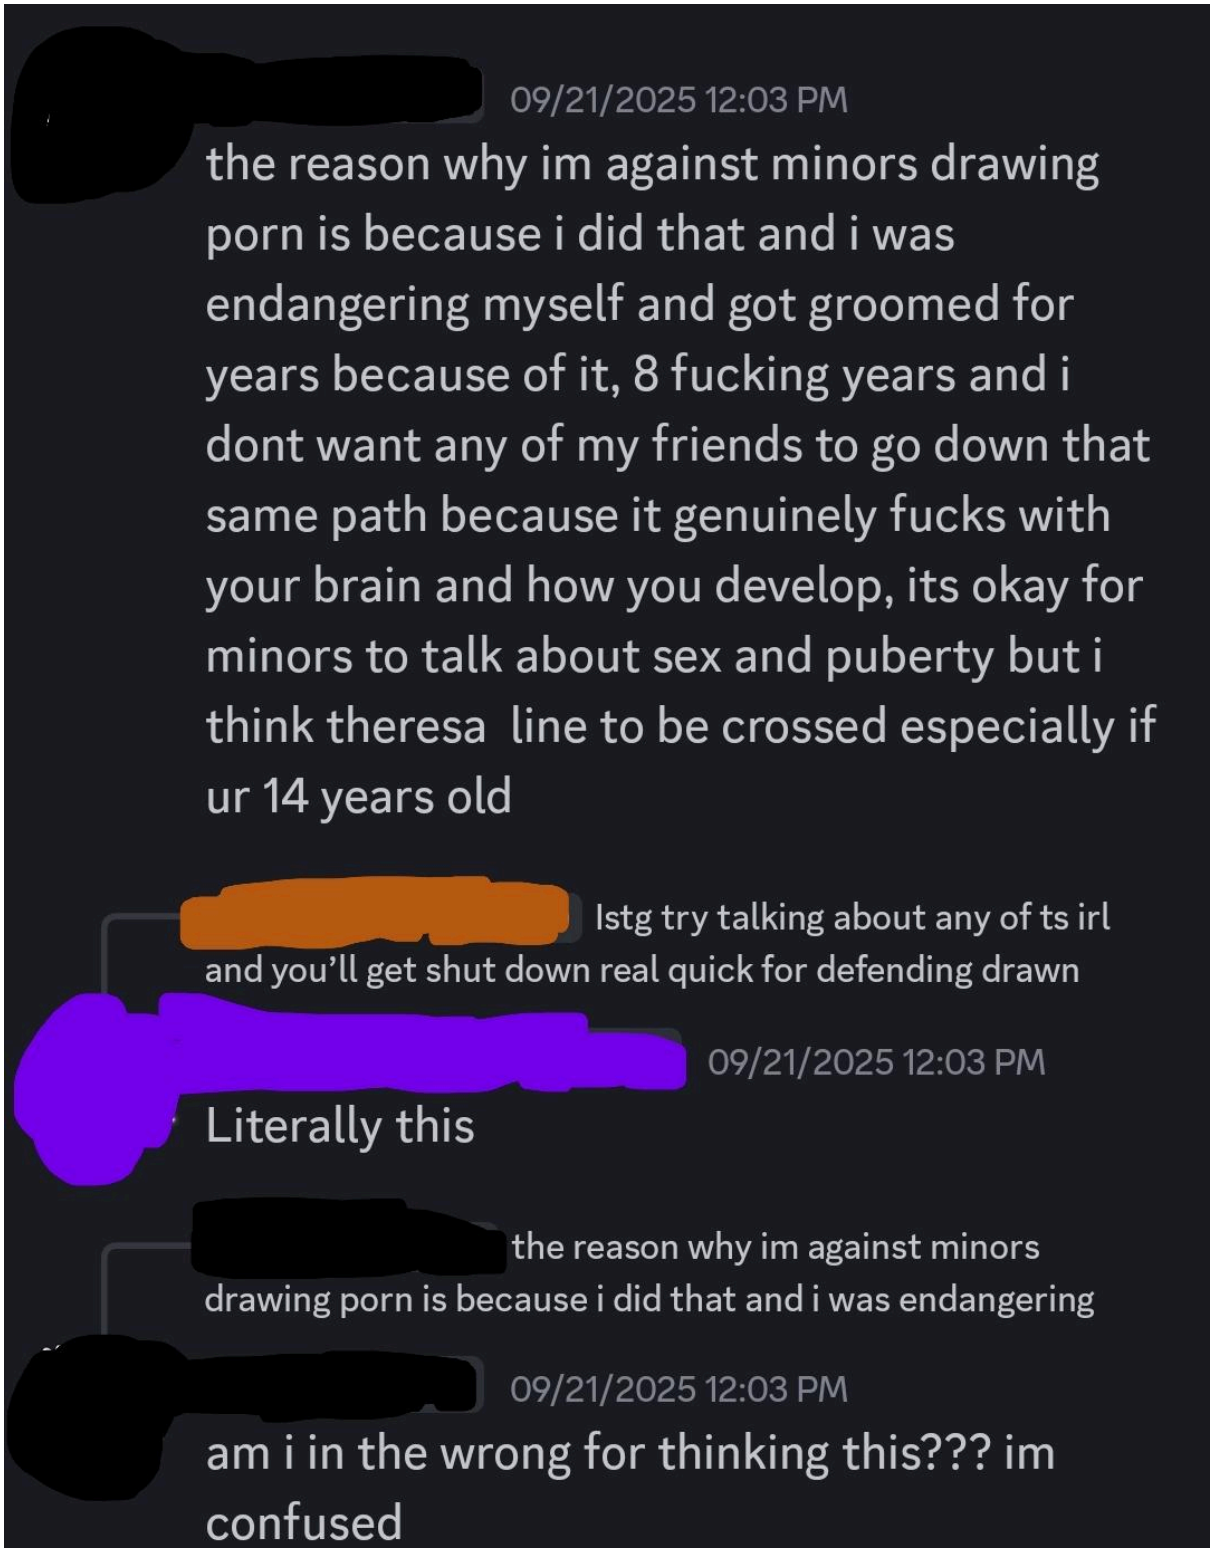
Moss, Melvin, and ***Leaf*** didn't know how to handle this situation as it was incredibly overwhelming especially when ***Moss*** was seeing their own friends side with Daisy's views and being influenced and manipulated by him.

During this groupchat ***Moss***, ***Melvin***, and ***Leaf,*** tried figuring out ways to handle this situation and comforted ***Moss*** because they had been overwhelmed and stressed out with everything that happened and kept having to ask if they were in the wrong for what they were calling Daisy out on and saying.



09/21/2025 12:03 PM
the reason why im against minors drawing porn is because i did that and i was endangering myself and got groomed for years because of it, 8 fucking years and i dont want any of my friends to go down that same path because it genuinely fucks with your brain and how you develop, its okay for minors to talk about sex and puberty but i think theresa line to be crossed especially if ur 14 years old

Each year when you're a teenager is still a major difference in maturity

attacking them.

[redacted] 09/21/2025 6:20 AM

I need to have a talk with you dude

[redacted] 09/21/2025 6:22 AM

What is it

[redacted] 09/21/2025 6:24 AM

In the groupchat I wanted to ask why do you think it's appropriate, to talk about how your artstyle is pornifiable regardless of the age difference everybody in the gc has? I don't think it's okay for YOU to be specifically commenting on that with [redacted] regardless of the intentions you had and you may not realize it because you yourself are struggling with alot of things and you may be blinded to it but it's disgusting I'm sorry

Not even me or [redacted] or [redacted] talk to [redacted] that way dude

It doesn't matter if it's a "joke"

If you take this with aggression or the slightest bit of attacking your character then I don't know what to tell you

[redacted] even agreed conversations like this are innapropriate

During this conversation ***Apple*** didn't know better either at all and was confused about what ***Moss*** was trying to say and educate them on,

This conversation went on for awhile and ***Apple*** was forwarding it to Daisy in Buniongangg and Daisy was insulting and calling ***Moss*** retarded for having concerns and trying to educate ***Apple*** on how the interactions with ***Winter*** and ***Chip*** were bad in the group chat.

[redacted] 09/21/2025 6:28 AM

I didn't know I said that in the gc

That was supposed to be in DMs

[redacted] 09/21/2025 6:28 AM

Why would it be better in dms??

[redacted] 09/21/2025 6:29 AM

Didn't u say talk to it abt our own age range

[redacted] 09/21/2025 6:30 AM

I actually take my stance back on that because regardless of the 2 year gap I think there's a huge maturity difference between a 14yo and 16yo, a 14yo talking about school locker talk is fine if they're going through puberty but YOU are talking about how you want to draw porn and how your art is pornifiable

Do you not see how this is wrong??

[redacted] 09/21/2025 6:30 AM

I'm a year older than her

2010 and 2009

[redacted] 09/21/2025 6:30 AM

She's still 14

Moss was clearly in distress while trying to handle this situation and was giving points on how two 14 year olds talking about puberty is fine, but both of them indulging one another and endangering themselves with nsfw and what happened in Buniongangg is wrong ***Moss*** was trying to educate ***Apple*** the best they could even if they had trouble doing it.

Leaf defending ***Moss*** with what they were saying about the announcement in the groupchat regarding ***Winter***, ***Chip***, ***Apple,*** and Daisy to not send porn and engage in sexual convos, with three people in the group chat turning into adults in a few months.

she thinks kids shouldnt be talking sexually like whatsoever or drawing porn at all even privately
like bro

None of ***Moss's*** messages directed at ***Apple***

had not been relating to conservative views or religious ones,

Moss's intentions were clearly with concern because they don't want anybody in the group chat who is younger, endangering themselves or being normalized to Daisy's views regarding feral porn, encouraging nsfw talk, and proshipping, at all because it's incredibly wrong and not okay especially the way ***Moss*** had been guilt tripped by Daisy during the feral debate.

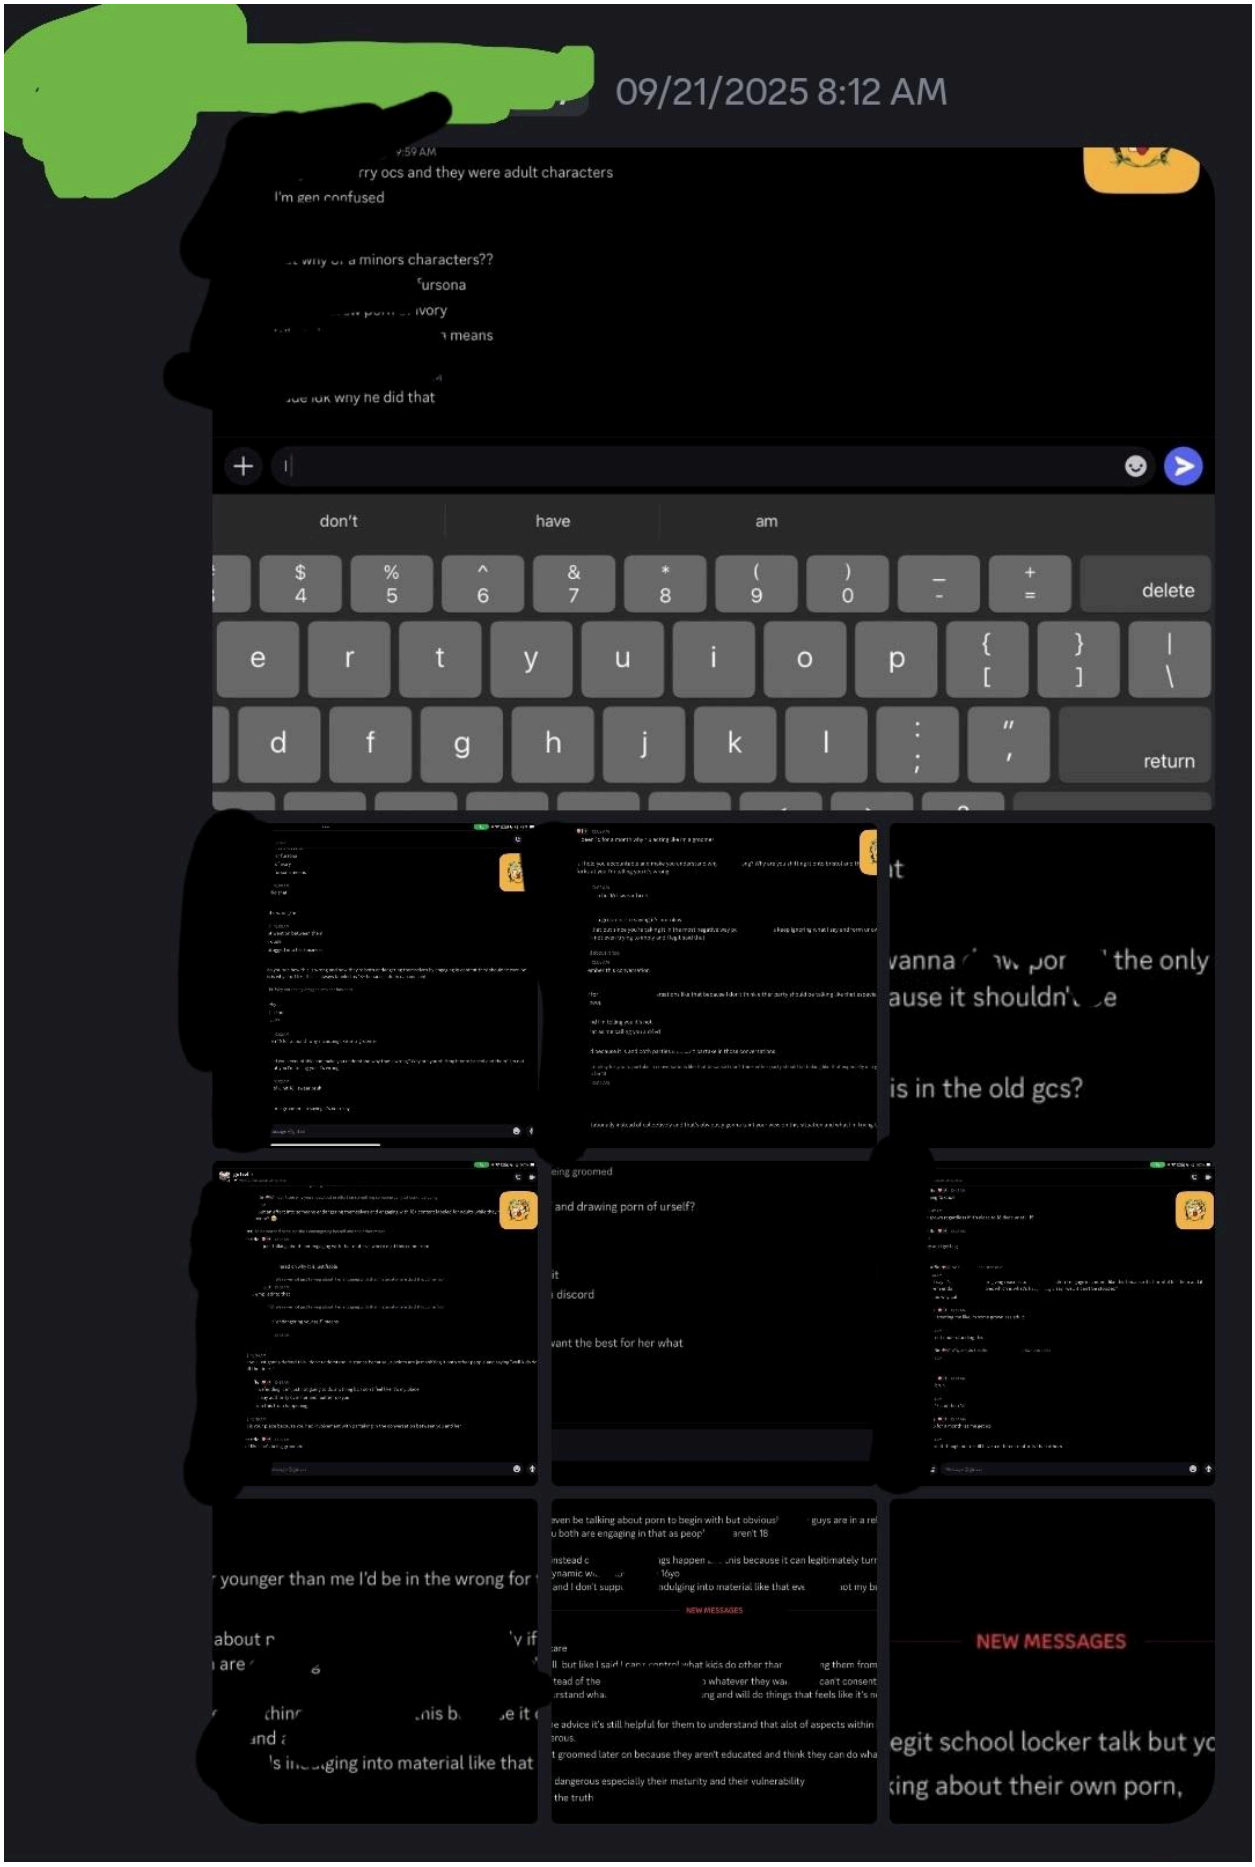
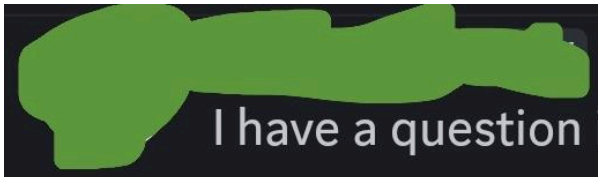
Daisy pushes the narrative that ***Moss*** is calling ***Apple*** a groomer throughout the whole conversation they were discussing with eachother, when this wasn't the case at all.

Daisy twisting the narrative and lying about ***Moss's*** intent is manipulative and not okay.

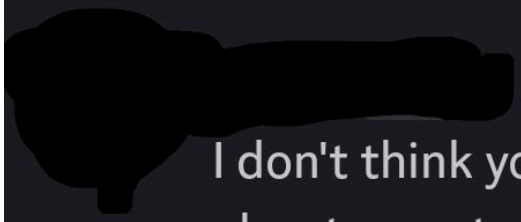
09/21/2025 8:12 AM





09/21/2025 7:55 AM

I have a question if I have a bf that’s one year younger than me I’d be in the wrong for talking abt my porn



09/21/2025 7:57 AM

I don't think you guys should even be talking about porn to begin with but obviously if you guys are in a relationship I can't control the dynamic but it's wrong especially if you both are engaging in that as people who aren't 18

People need to be educated instead of just letting things happen like this because it can legitimately turn unhealthy that's my view of it but like I said I can't control the dynamic with a 15yo and a 16yo

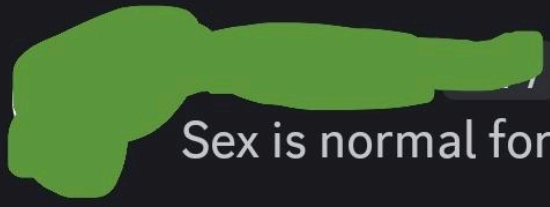
I don't support it whatsoever and I don't support kids indulging into material like that even if it's not my business I will always have that stance

If 2 people are adults I don't care

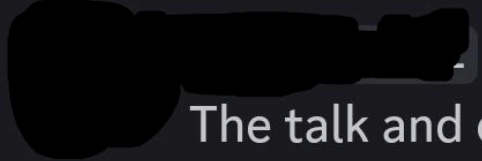
I wouldn't encourage this at all but like I said I can't control what kids do other than educating them from right from wrong

educating them from right from wrong
Their should be education instead of the mentality "let people do whatever they want" kids can't consent, adults CAN consent and kids are still vulnerable and don't understand what's right and what's wrong and will do things that feels like it's normal to them in the moment but it's not
Even if the kid doesn't take the advice it's still helpful for them to understand that alot of aspects within indulging in sexual content and everything is incredibly dangerous.
This is why kids eventually get groomed later on because they aren't educated and think they can do whatever they want

That's why it's also incredibly dangerous especially their maturity and their vulnerability
That's my yap session but it's the truth



09/21/2025 8:04 AM
Sex is normal for Teenagers....

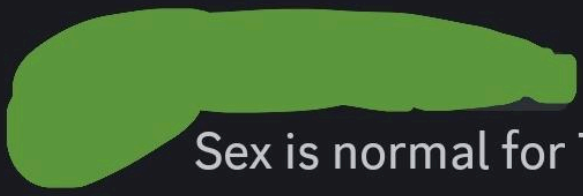


09/21/2025 8:04 AM
The talk and education about sex is normal which is legit school locker talk but you

on because they aren't educated and think they can do whatever they want

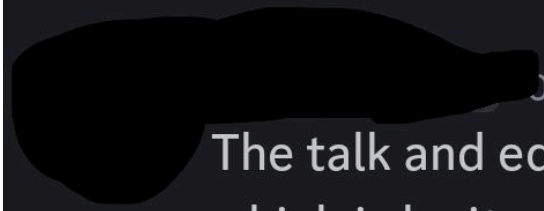
That's why it's also incredibly dangerous especially their maturity and their vulnerability

That's my yap session but it's the truth



09/21/2025 8:04 AM

Sex is normal for Teenagers....



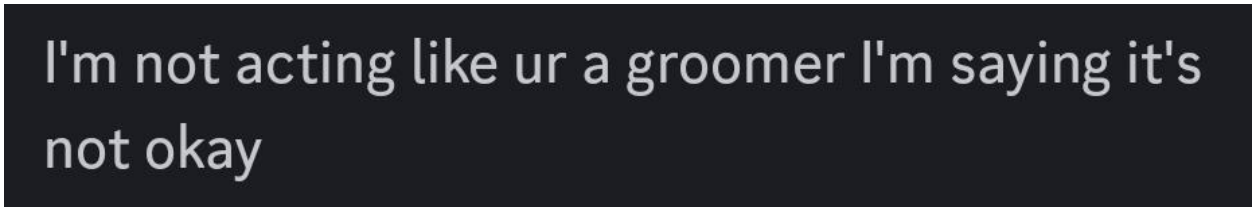
09/21/2025 8:04 AM

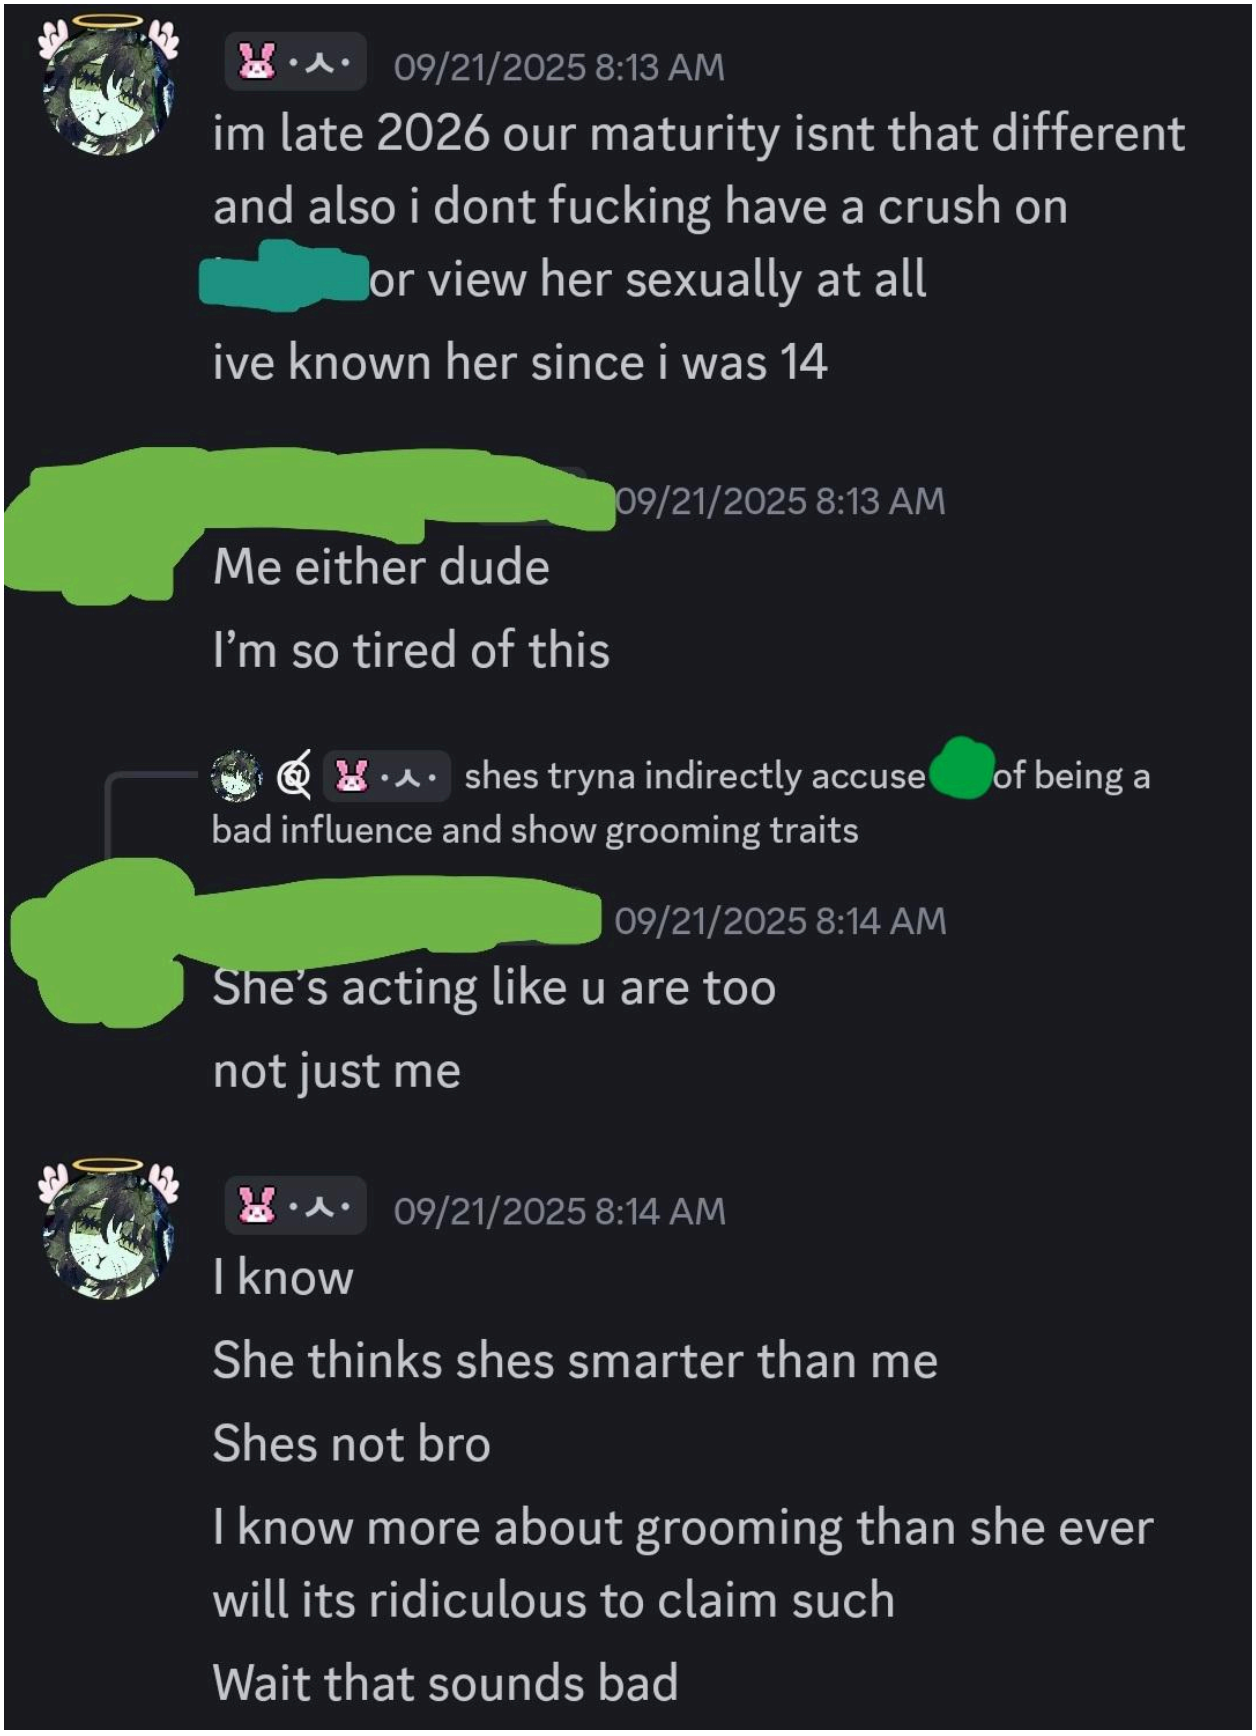
The talk and education about sex is normal which is legit school locker talk but you implied talking about ur porn art that's wrong.

I don't think you or even another minor should be talking about their own porn,

Talking about sex and what not and having a platonic relationship that's okay this is why hormones and puberty exist but it's not OKAY for kids to be involved with 18+ like I said regardless if it's kept private it's still harmful but you can only educate them on the matter.

Apple then decides to send the screenshots of the conversation ***Moss*** and them had after Daisy asked for it, as Daisy implied ***Moss*** was claiming ***Apple*** is a groomer when that wasn't the case at all even when ***Moss*** even confirmed they were mainly concerned with what ***Apple*** had been talking about in Buniongangg along with ***Winter*** and ***Chip*** regarding drawing porn





09/21/2025 8:13 AM
im late 2026 our maturity isnt that different
and also i dont fucking have a crush on
[redacted] or view her sexually at all
ive known her since i was 14
[redacted] 09/21/2025 8:13 AM

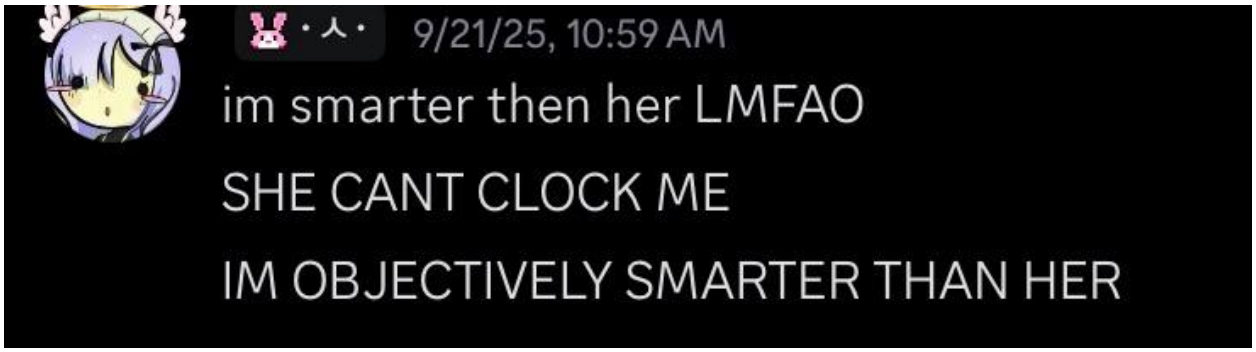
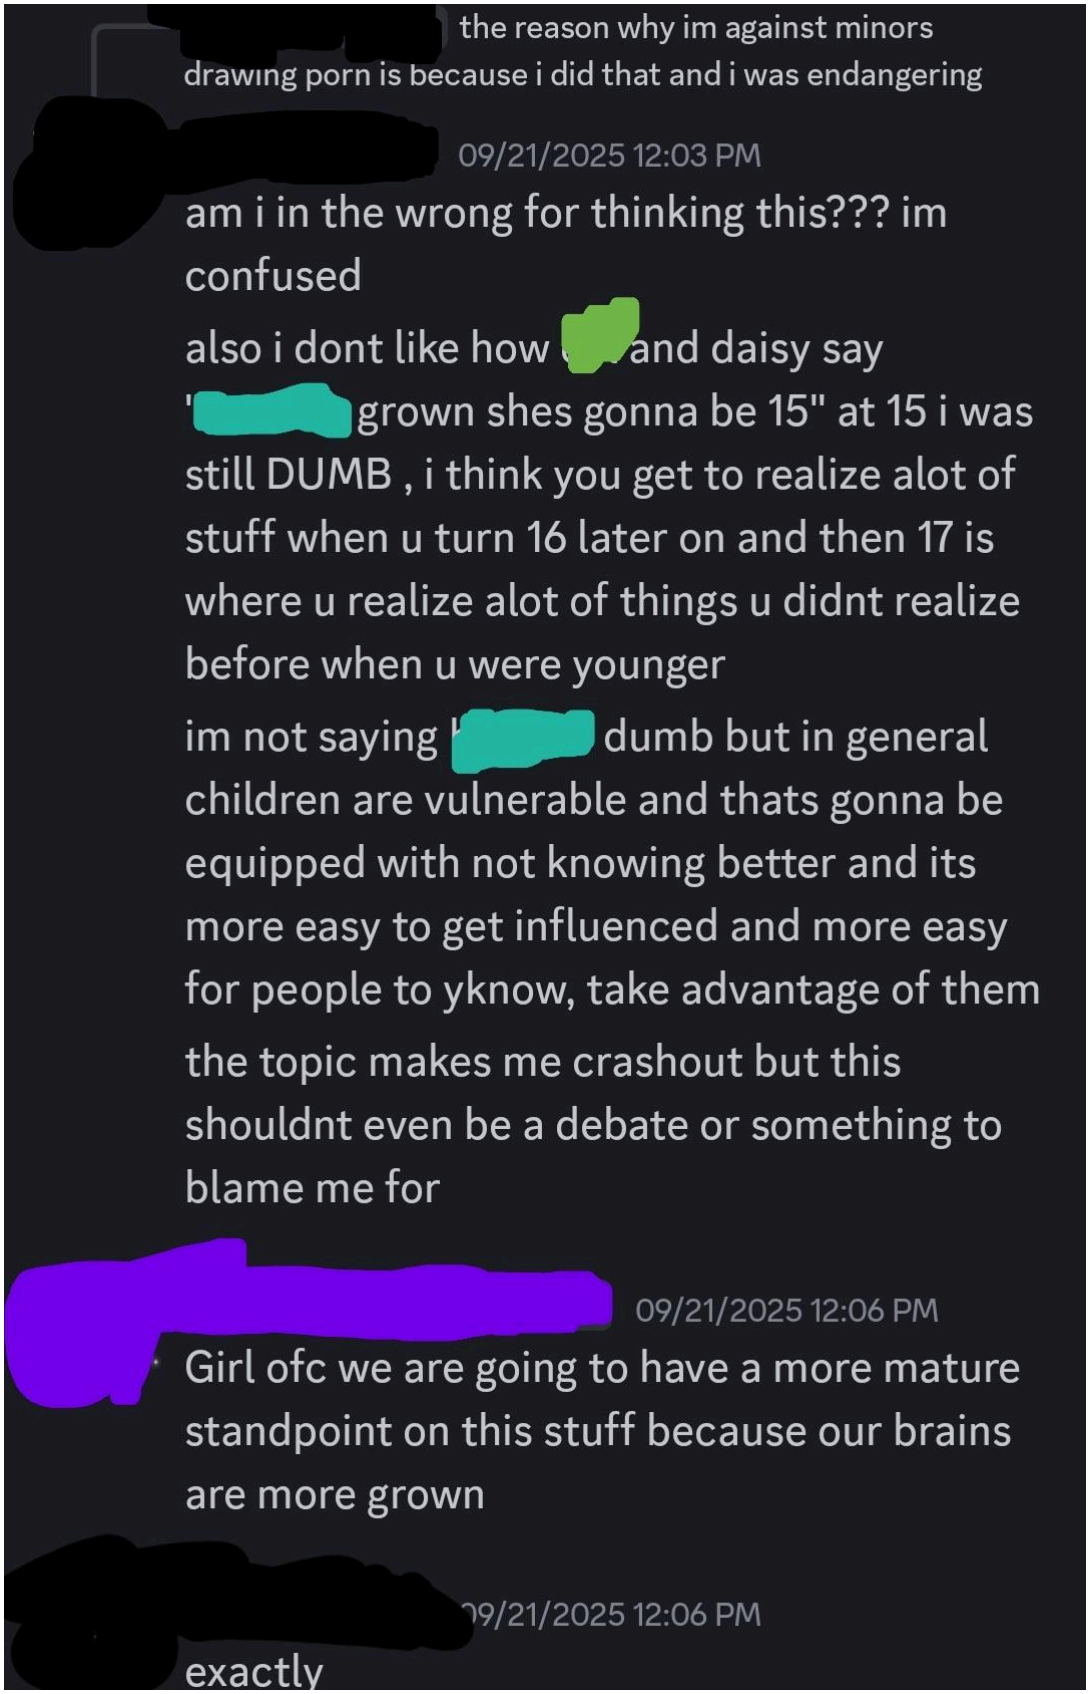
not just me
09/21/2025 8:14 AM
I know
She thinks shes smarter than me
Shes not bro
I know more about grooming than she ever will its ridiculous to claim such
Wait that sounds bad

Moss's concerns regarding on why children shouldn't indulge in 18+ material and how it is extremely dangerous and telling ***Apple*** about what it does from ***Moss's*** personal experiences as a child, is then struck by Daisy saying "***Moss*** thinks they're more smarter than me, they're not bro I know about grooming than they ever will it's ridiculous to claim such" is extremely insensitive when Daisy is fully aware that ***Moss*** has been groomed for multiple years.

When ***Apple*** had forwarded the screenshots to Buniongangg, Daisy was shit talking ***Moss*** in ***Apples*** dms and how Daisy is smarter and knows way better than ***Moss*** does.





the reason why im against minors drawing porn is because i did that and i was endangering
09/21/2025 12:03 PM
am i in the wrong for thinking this??? im confused
also i dont like how and daisy say
grown shes gonna be 15" at 15 i was still DUMB , i think you get to realize alot of stuff when u turn 16 later on and then 17 is where u realize alot of things u didnt realize before when u were younger
im not saying dumb but in general children are vulnerable and thats gonna be equipped with not knowing better and its more easy to get influenced and more easy for people to yknow, take advantage of them
the topic makes me crashout but this shouldnt even be a debate or something to blame me for

Daisy Defending Fictional Child Porn

After the situation had transpired between ***Moss***, ***Apple,*** and Daisy, Later on in Buniongangg on the same day, ***Leaf*** mentions someone called SimpGamer who had killed their own cat by sexually assaulting it,

this person also drew feral porn. ***Melvin*** and ***Leaf*** discuss this person with disgust until Daisy has an issue with what they were saying about

·ㅅ· 09/21/2025 11:37 AM

bro

i dont think you understand that if a pedophile or zoo likes fictional material it isnt bc of the material its bc they were always a zoophile or pedo.

Genuine question

[redacted] 09/21/2025 11:40 AM

Im not saying everybody who draws certain things are like predators. I understand victims use things as a way of coping, like I get it entirely because of my own bullshit but when it comes to actual drawn cp and zoophilia I literally cannot get how that can ever be excused like

There's a difference between a young child drawing themselves in sexual situations as a way of coping, that's still drawn csem by defining but that's different from. A whole

·ㅅ· 09/21/2025 11:43 AM

YEAH

Daisy states that comparing real CSEM to drawings is disrespectful and how “It's weird to bring up proshipping in real cases of abuse and CSEM”

This makes no sense as drawing children being sexualized is considered as (Child Sexual Exploitation Material)

Under: **18 U.S.C. § 2252 — “Certain activities relating to material involving the sexual exploitation of minors.”**

Source:

https://www.justice.gov/archives/jm/criminal-resource-manual-1968-certain-activities-relating-material-involving-sexual

Under federal law, the statute PROTECT Act of 2003 (Pub. L. 108-21) expanded the types of child pornography that can be prosecuted, including some “virtual” images.

Ok that's it
I'm just so confused bc we almost all have the same points? Like yeah I understand when kids use it to cope after being abused
But my thing is that cp is still cp ??
And that's "retarded"??????
Also like
09/21/2025 12:37 PM
WHAT THE FUCK??
daisy said its not cp??? wtf
09/21/2025 12:38 PM
I don't think that something used as a coping mechanism is still okay. I'm not saying that as like, a way to shun anybody btw
I'm just saying it's still harmful
Like victims using cnc as a way to cope for example
I would never judge those ppl
But cnc is STILL harmful to them whether they're aware of it or not
09/21/2025 12:38 PM

When this conversation with Daisy was happening ***Moss***, ***Melvin***, and ***Leaf,*** were speaking in the **(N)** group chat expressing discomfort and how weirded out they were with what Daisy was saying in

Bunionganggg

[redacted] 09/21/2025 12:40 PM

if daisy believes that morality is completely subjective and were nothing more than just matter in the world then it frankly doesnt matter to her if somebodys a pedophile, zoophile, or a murderer all it takes to dismantle daisys idea of morality or a faux morality at that, is for somebody to come by and say "okay i dont care" and completely dismiss it

ive said something similar to this but

she says she doesnt defend it but she defends proshippers

This is harmful and somethings clearly wrong with daisys way of thinking and viewing certain topics on fictional content and real life content, because that shouldnt have been a debate in the first place.

[redacted] LOL if daisy believes that morality is completely subjective and were nothing more than just

Daisy & Safari Grooming Berry

After the whole child porn debate with ***Melvin***, ***Leaf***, and Daisy had happened, ***Moss*** incredibly stressed out informs one of their friends named ***Red*** through a voicenote on what happened.

Red agrees It’s not okay for Daisy to encourage a conversation with ***Winter*** about genitalia/porn and that ***Moss*** is completely in the right for having clear concerns regarding Daisy.

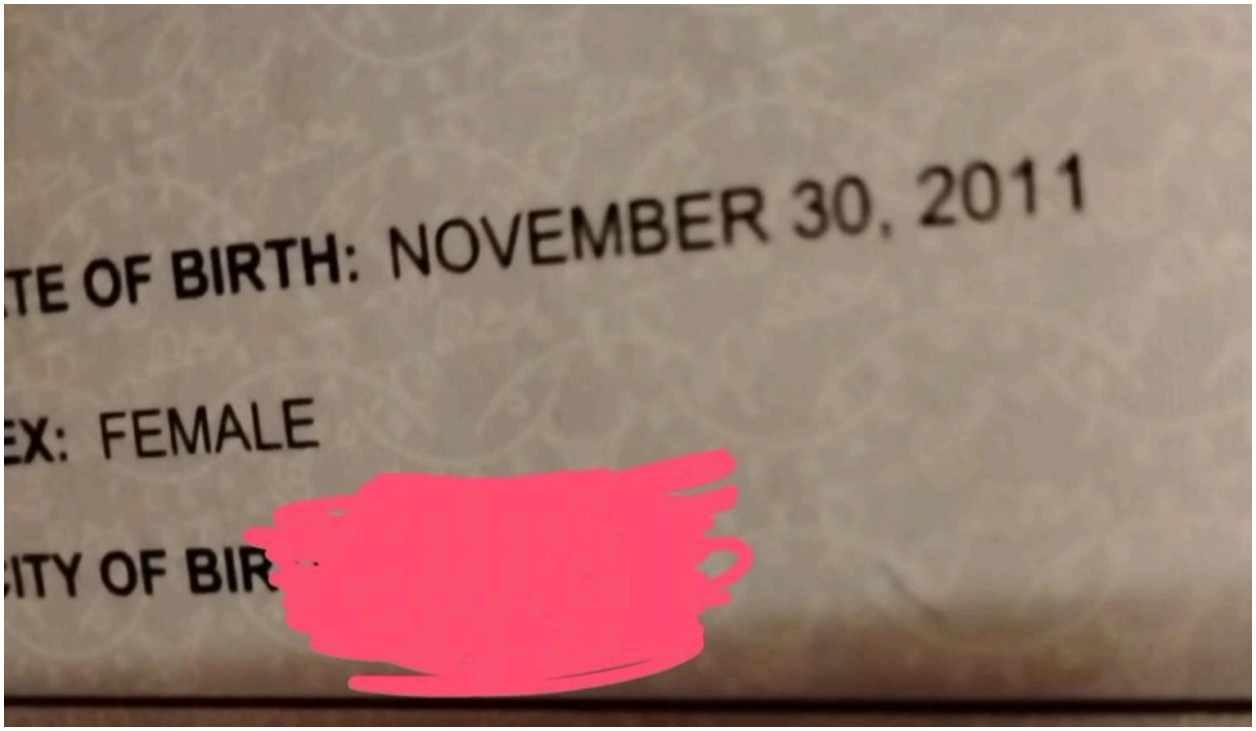
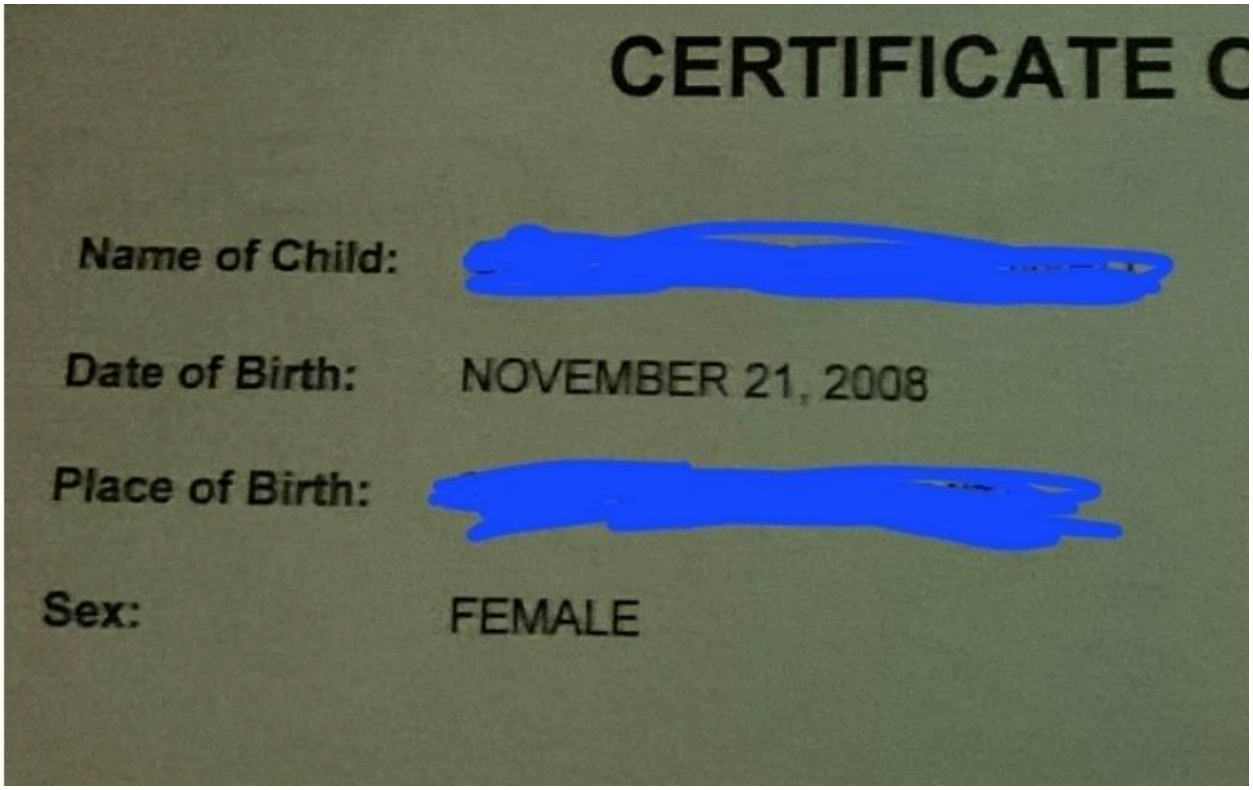
Red states that Safari had plans of grooming ***Berry,*** and that Safari admitted to being a pedophile to Daisy, and Daisy forgave Safari after this.

Berry's birthdate is November 30th 2011:



Daisy's Birthdate is November 21th 2008:



(They're 3 years apart)

Context With Daisy & Berry

Daisy and ***Berry*** were friend's for 3 years they had met in late 2022,

When they first met ***Berry*** introduced themselves to Daisy and admitted to having a hyperfixation on Daisy as well as Daisy thinking ***Berry*** was 16 during the time of when they met which isn't Daisy's fault,

As ***Berry*** lied about their age at the time stating to be born in 11/30/2008, instead of 11/30/2011

Daisy and ***Berry*** had eventually started getting closer and dated in 2022-2023-2024. when they were dating Daisy had told someone privately in dms called Runner400009,

that Daisy had a crush on a guy he met in real life, but didn't want ***Berry*** finding out about the fact he was cheating on them with this guy and wanted to keep it a secret away from ***Berry.***

Daisy cheating on ***Berry*** is absolutely terrible, but later on the person Daisy got with raped him, as I do feel bad and nobody deserves to go through anything traumatic like that, it is not an excuse for what Daisy did to ***Berry*** with Safari.

On 09/28/2025

Daisy found out that ***Moss*** had discovered this information regarding Daisy, Daisy then Blocked ***Berry*** and ***Red*** out of anger and victim blamed ***Berry*** with a huge paragraph.

you ruin yourself [redacted] ik your young but i just cant do it anymore

i cant deal with i

like forrest and temple and your other friends

In this message Daisy is also aware ***Berry*** has went through a lot and has gotten groomed multiple times, while still proceeding to pin the blame onto ***Berry***, and saying how they ruin themselves as a way to make them feel bad.

When this happened, ***Berry*** gets frustrated and upset and gets mad at ***Red*** for telling ***Moss*** about what Daisy and Safari did to them.

A work-in-progress document made by Daisy titled "DEBUNK RESPONSE" had gotten leaked to multiple people by an Anonymous User that was sent it directly by Daisy himself, this document had alot of screenshots out of context, lies tied to it to make people look bad, and names fully uncensored, with Red and Daisy trying to paint a smear campaign against ***Berry, Winter, Apple, Chip, Moss, Melvin, & Leaf.***

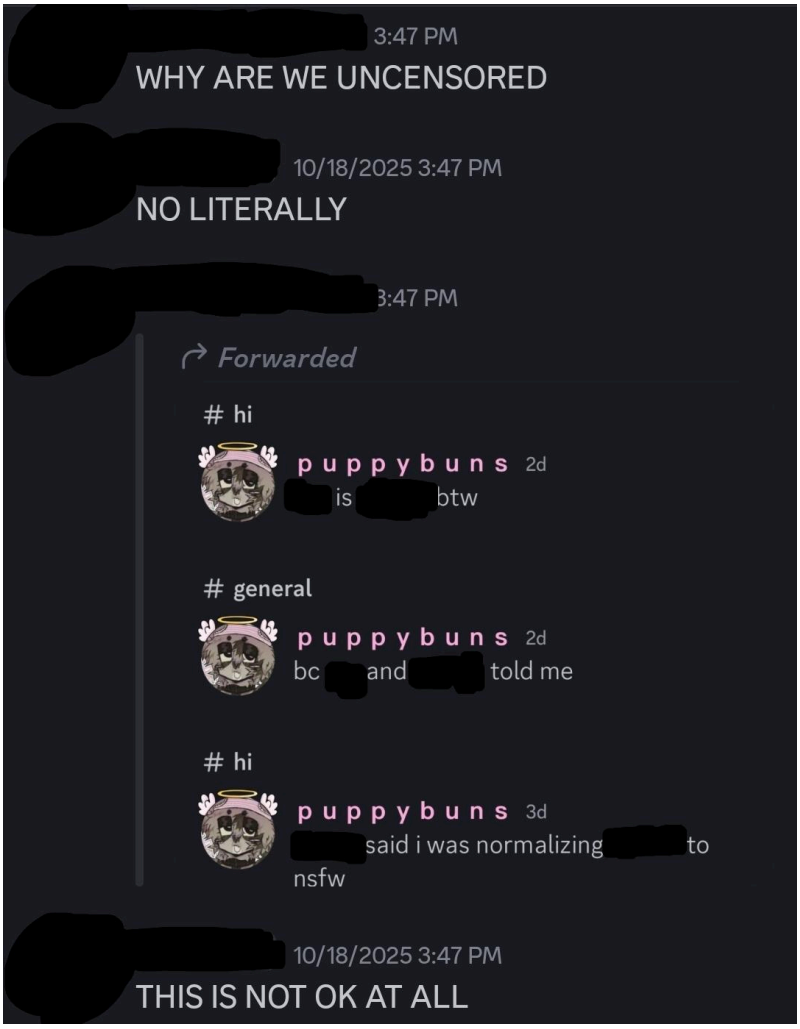
When the document was forwarded and leaked everybody expressed huge discomfort of being uncensored and blamed in it after this, *Anonymous User* forwards a screenshot to ***Winter*** of Daisy publicly talking about ***Berry,*** and ***Moss,*** in his server while trying to victimize himself and name-dropping everybody involved within this situation.



10/18/2025

When Daisy found out, he decided to message ***Melvin*** about it, asking who leaked it to ***Moss*** because they had seen it. Concerned, Daisy asks who could've leaked the document so he could cut Anonymous User off completely, as well as asking for screenshots regarding the Feral/Cp argument regarding ***Moss*** and ***Leaf*** in Buniongangg. Daisy also claims everyone involved is calling him a pedophile which is not the case, as Daisy is a groomer but not a pedophile.

The Misinformation in Daisy's Leaked Document:

The introduction to this document instantly namedrops ***Moss*** aside with ***YummiCactus***, completely name-dropping an individual like ***Moss,*** who wants to be anonymous, is completely unprofessional; especially with multiple people later on in the

document who aren't censored, that have been victimized by Daisy & Safari due to their actions regarding ***Berry,*** and ***Winter.***

Before reading, please take note of these contents, they are important!

THIS DOCUMENT COVERS THE RECENT CLAIMS THAT YUMMICACTUS AND [redacted] HAVE MADE ABOUT DAISY/CUPIDITE!

Please refrain from harassing both the document creators, as well as the other parties mentioned.

Criticism is appreciated if genuinely constructive, however, if you have only hateful forms of criticism, please do not express them publicly. This improves nothing.

Please pay attention when reading, this is not a situation to have bias in, as the claims being made are bordering illegal territory. With this being said, disregard your biases if possible.

TRIGGER WARNING: MENTIONS OF GROOMING, LOLICON, ZOOPHILIA, CSEM/CSAM, ETC.

THIS DOCUMENT IS INTENDED FOR MOBILE!

(apologies for any inconvenience!)

After the introduction, Daisy name-drops ***Berry,*** who is uncensored completely. Regarding this, Daisy explains how they had met ***Berry,*** claiming they originally lied about their age. While this is confirmed to be true, it does not excuse what Daisy does later on to ***Berry***, with Safari. (Unfinished)
